

## Forestry Intern - Summer 2016

### Position Information

#### Employer:

City of Shoreview

#### Division:

N/A

#### Title:

Forestry Intern - Summer 2016

#### Description:

##### Description:

The City of Shoreview has an immediate opening for two Forestry Interns to assist with our shade tree management program. These positions support our ongoing urban forestry efforts, including our mission to preserve existing trees, manage diseased trees, and encourage practices that have a neutral (or positive) impact on our tree population. Duties include tree management, working with diseased tree issues, and answering resident questions and making recommendations
