*Please indicate materials you are submitting:*

**Art (Visual)** You may submit slides, photos or other representations of your best artwork. Do not send CDs or Web sites. Write your name on each slide or photo, along with the medium and completion date. If you have received any honors or awards, you may wish to list them on a separate sheet.

**Music** You may submit a tape or CD (audio format), up to 10 minutes in length, representing your abilities. Do not send VHS tapes. CDs must be designed for standard players. You should choose a solo performance or a piece in which your performance is prominent. Two or more contrasting pieces which show a range of ability are encouraged. Indicate your name, instrument/voice part and work performed on the tape itself. Also, you may attach a résumé summarizing your vocal, instrumental or compositional background (list years studied, instructors, awards, etc.).

If you are submitting supplementary material for consideration, please describe briefly the contents of your submission and, if appropriate, identify your role (e.g., musical instrument, voice or composer). Materials submitted without this supplement cannot be evaluated.
