

AMERICAN COLLEGE & UNIVERSITY  
PRESIDENTS CLIMATE COMMITMENT

The fight against global warming will shape the 21st century. Colleges and universities must exercise leadership in their communities and throughout society by modeling ways to eliminate global warming emissions, and by providing the knowledge and the educated graduates to achieve climate neutrality. Campuses that address the climate challenge by eliminating global warming emissions and by integrating sustainability into their curriculum will better serve their students and meet their social mandate to help create a thriving, ethical and civil society. We hope you will join us in supporting the American College & University Presidents Climate Commitment.

Sincerely,

The Signatories of the American College & University  
Presidents Climate Commitment

President Brian Rosenberg promoted the participation of Macalester College in the American College and University President's Climate Commitment. He is a member of the ACUPCC Leadership Circle.
