

Pre and Post Assessment

What are the 5 major climate regions in the world?

1.

2.

3.

4.

5.

Using a specific example, apply each of the five themes to climate.

6. Region

7. Location

8. Place

9. Human/Environment Interaction

10. Movement

Prioritize the five climate regions by placing the numbers 1-5 in front of each region. Place the number 1 next to the climate that would be easiest on which to survive. Then explain your ranking.

11.

12.

13.

14.

15.

16. In which climate region do you live and how does this impact your life?
