

Mineral Identification Sheet

Mineral Name _____

Sample No. _____

Hand Specimen Description

Color/Luminescence

Luster

Form/Crystal Habit

Twinning

Cleavage/Parting/Fracture

Magnetic

Hardness

Streak

Reaction with HCl

Specific Gravity

Association

Other

Spectrographic Analysis

Elements/Compounds Identified

Optical Properties

Color

Pleochroism

Twinning

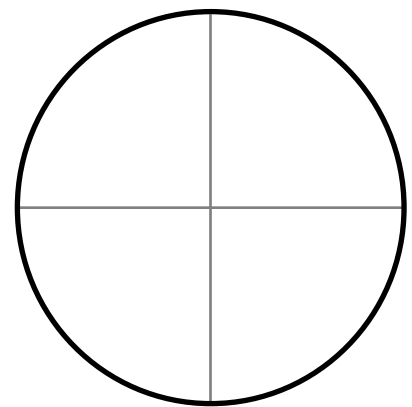

Interference Figures / Sign

2V

Index of Refraction

Birefringence

Optical Orientation

X-Ray Analysis

Composition

Name _____

Date _____
