The **Enterprise**® Business Rental Program.

Did you know that Macalester College has an ACTC contract with Enterprise to serve your college car rental needs? Car rental is a great way to cut down on expenses. It is more prudent to rent a vehicle if your round trip is 100 miles or more, than to reimburse employees for mileage. If you need a car for a day to attend a college event, Enterprise can take care of you. Enterprise will even deliver the vehicle to your door on campus!
