SAFETY AND SECURITY
ANNUAL SECURITY REPORT
UPDATED REPORT JANUARY 2006 TO DECEMBER 2008

MACALESTER
COLLEGE

TO THE READER: At Macalester College the safety and well-being of our students, faculty and staff are always a priority ● With the support of other departments, we have hundreds of people involved in keeping this campus safe and secure ● However, a truly safe campus can only be achieved through the cooperation of all students, faculty and staff ● This brochure is a part of our effort to ensure that this collaborative endeavor is effective ● We hope that you will read it carefully and use the information to help foster a safe environment for yourself and the campus.

Macalester College Safety and Security Annual Security Report January 1, 2006 to December 31, 2008

This information is being provided to you as part of Macalester's commitment to safety and security on campus and is in compliance with the Clery Act Crime Awareness and Campus Security Act of 1990, and its amendments.

Macalester is a privately supported, coeducational institution of higher education. It is located on a 53 acre campus in a residential neighborhood of St. Paul, Minnesota, and enrolls more than 1,800 students. The College also employs more than 600 faculty and staff. In addition the College owns and operates a 280-acre Nature History Study and Laboratory area in Inver Grove Heights, Minnesota.

The Environmental Health, Safety and Security Office, henceforth referred to as the Safety and Security Office, is responsible for safety, security and emergency response at Macalester. The Safety and Security Office is located in the lower level of the Music Building in the Janet Wallace Fine Arts Center and is staffed by trained officers of the American Security Corporation (ASC). These officers are on duty 24 hours a day, 7 days a week, 365 days a year, providing around-the-clock safety and security services to the campus community. They report to an ASC account manager and to the College's Director of Environmental Health, Safety and Security, who is part of the Facilities Services staff.

Reporting Criminal Action Or Emergencies

The Safety and Security Office always strongly encourages victims and witnesses of all crimes to report them both to the Safety and Security Office and to the Saint Paul Police Department. For those who wish, the security staff can help report crimes to the St. Paul Police. The college will attempt to maintain the confidentiality of the person making the report and victim to the extent consistent with a need to report the incident to the appropriate authorities and to investigate the incident. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

To report a crime or emergency, members of the campus community should call the Security Officer at (651) 696-6555 (on campus, dial x6555), the St. Paul Police at (651) 291-1111, or the St. Paul Emergency Police, Fire, and Medical Services at 911.

Numerous telephones identified as emergency phones are easily accessible throughout campus buildings and public areas.

The campus Security Office maintains telephone contact with the St. Paul Police Department, Fire Department and Emergency Medical Services via campus telephones or a cellular telephone. Patrolling security officers also maintain two-way radio contact with the Safety and Security Office

or the main Facilities Management Office so assistance and support from these departments can be obtained immediately.

The Security Office emergency telephone number, (651) 696-6555 from off-campus or x6555 from on-campus, is labeled on all campus telephones, is clearly listed in the campus telephone directory and is included in the department's printed publications.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Safety and Security, and the Dean of Students that constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. Alerts, Warnings/Watches or Information sheets will be issued through the college e-mail system to students, faculty, staff and In certain situations to the campus student newspaper.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Office of Safety and Security may also post a notice on the Macalester Safety and Security web site at: www.macalester.edu/security, providing the college community with more immediate notification. In such instances, a copy of the notice is posted in each residence hall, at the front door of each building. The Safety and Security web page is immediately accessible via computer by all faculty, staff and students. In addition, a text message, may be used to sent to all persons who have registered, alerting the subscribers to the threat through the "MAC ALERT", a campus text messaging system. Anyone with information warranting a timely warning should report the circumstances to the Macalester Safety and Security Office, by phone (651.696-6555) or in person at the Safety and Security Office within the Facilities Services Office, located in the lower level of the Music Building.

Access To Campus Facilities

During those periods when the College is in normal operation (this excludes most holidays), most campus buildings and facilities are accessible to members of the campus community, as well as to parents, contractors, guests and invitees. The buildings are open during normal business hours Monday-Friday and for limited designated hours on Saturdays and Sundays. During the time that the College is officially closed, College buildings are generally locked and only faculty, staff and some students with proper ID and departmental written approval are admitted.

Exterior doors to student residence halls remain locked 24 hours a day. Each resident has a key that provides unlimited access. Guests and visitors to residence halls may gain admission by calling the resident and having that person come to the entry to escort the guest into the build-

to resident students. Some facilities may have individual hours, which may vary at different times of the year.

Residents of campus houses are advised to admit their own known visitors and guests and keep exterior entry and individual room doors and windows locked at all times.

Maintenance And Security Of Campus Facilities

Macalester maintains a very strong commitment to campus safety and security, with exterior lighting an important part of this commitment. Motor vehicle parking lots, pedestrian walkways and building exteriors are well lit. Security officer's survey exterior lighting on campus on a weekly basis, and at least twice each year, a comprehensive survey of all exterior lighting is conducted by the Safety and Security Office, Facilities Services Department, Safety Committee and student representatives. Members of the campus community are encouraged to report any exterior lighting problems to the Facilities Services office at x6278.

The Safety and Security Office annually conducts a comprehensive survey of every exterior door on campus to ensure that each door and its locking mechanisms are working properly. On a daily basis, security officers lock and secure exterior doors on campus buildings each evening, and report door and security hardware operating deficiencies. The Safety and Security Office annually surveys the grounds of the campus to ensure that shrubbery, trees and other vegetation have been properly trimmed. Parking lots and campus areas are actively patrolled by security officers.

Law Enforcement Authority And Interagency Relationships

Campus security officers are not sworn police officers by the State of Minnesota. They are, however, empowered to enforce policies and regulations as established by Macalester College. Campus security officers can effect a "citizen's arrest" on Macalester property for violations of state and federal law when acting in the best interest of the College community. However, in most instances the St. Paul Police will be summoned to the campus should circumstances warrant the arrest of the offender.

The Safety and Security Office maintains a close working relationship with the St. Paul Police Department, state and federal law enforcement agencies and all appropriate elements of the criminal justice system. Regular meetings are held, both on a formal and informal basis, where crime related reports and statistics are routinely exchanged.

Security officers receive 24 hours of training in first aid, CPR/AED, report writing, sexual harassment and sexual violence and worker right-to-know, in addition to a minimum 40 hours of one-on-one training on the job prior to any shift work.

Security Awareness And Crime Prevention Programs

It is the philosophy of Macalester College that we would much rather prevent crimes from occurring than react to them after the fact. A primary vehicle for accomplishing this goal is the College's comprehensive crime prevention program, based on the dual concepts of eliminating or minimizing criminal opportunities whenever possible, and encouraging students and employees to be responsible for their own security and the security of others.

The following is a listing of the crime prevention programs and projects employed by Macalester College:

1. **The Safe Walk Program...**provides an escort service, particularly during hours of darkness, for persons walking on campus. Student safe walker teams escort people off campus up to one mile. For Safe Walk Assistance, call x6699.
2. **New Student Orientation...**includes information crime including brochures and other printed material.
3. **Residence Hall Security...**includes crime prevention presentations, brochures and other printed material made available on a routine basis to students who live on campus.
4. **Emergency Telephones...**are located throughout the campus, both inside and outside buildings.
5. **Crime Prevention Presentations...**are made annually to campus groups and organizations such as Facilities Services employees, commuter students, students with disabilities, international students, student government, the faculty and staff advisory committees, specific campus departments and student organizations.
6. **New Employee Orientation...**includes a crime prevention presentation accompanied by brochures and other printed material.
7. **Printed Crime Prevention Materials...**are widely distributed across the campus. Materials include crime prevention brochures, posters and bookmarks related to motor vehicle security, bicycle security, residence hall security, the escort service, employee security and library security.
8. **Electronic Alarm Systems...**provide a comprehensive network of intrusion detection and duress alarm systems. A sophisticated computer based electronic monitoring system is located at the Security Office.

9. **Architectural Design...**on new and renovated campus facilities includes significant input from technical and crime prevention specialists relating to physical and electronic security systems.
10. **Facilities Surveys...**are conducted by the department and the Safety Committee several times each year. Surveys include exterior lighting, doors and grounds.
11. **Operation Identification...**refers to the engraving of serial numbers or owner recognized numbers on items of value. The practice is strongly promoted in student residence facilities and among College employees for items such as bicycles and electronic equipment.
12. **Crime Prevention Publicity...**includes crime prevention articles, routine publications in the student newspaper (sometimes using paid advertising) and the employee newsletter and broadcast announcements on the College's radio station.
13. **Sexual Violence Education and Prevention...**occur in cooperation with the Office of Student Affairs, Health and Wellness Center, Department of Campus Life, Safety and Security Office and the Sexual Assault/Peer Educators Work Group. All of these groups provide information and programming on sexual violence for faculty, staff and students. In addition, numerous student groups, as well as individual students, staff and faculty are trained to provide prevention presentations and victim support programs. Various programs are offered several times per year, including at new student orientation

Crime Reporting

All faculty, staff and students and guests are encouraged to report any criminal activity occurring on campus to Campus Security by calling 651.696-6555. In addition all college employees, including pastoral and professional counselors, should report crimes and encourage victims or witnesses of a crime to voluntarily report these offenses to Campus Security. The reporting person can request to remain confidential. Employees aware of sexual violence on campus must report this information in a timely manner to Campus Security. Campus Security is the authorized recorder of all criminal activity on campus.

All incident reports involving students are forwarded to the Office of Student Affairs for review and potential action by the Student Conduct system. Additional information obtained via an investigation will also be forwarded to the Office of Student Affairs and Student Conduct Officers.

Reporting an incident does not always mean that charges were filed, an arrest was made, or anyone was found responsible. Numerous efforts are made to advise members of the campus community on a timely basis about campus

crime and crime related problems. These efforts include the following:

1. Annual Report

The Safety and Security Office compiles all information and statistics for this report. Statistics are collected using official records as well as information from applicable police agencies and from individuals in the offices of the Dean of Students, Campus Programs, Department of Campus Life, Human Resources and campus security authorities.

College policies and procedures are compiled from various sources and can be viewed in the annual report, which is posted on Macalester's Web site by October 1. Paper copies are also available in the offices of Safety and Security, Dean of Students, Admissions and Human Resources. All reasonable attempts have been made to identify all reported crimes and to present the statistics in the annual report in accordance with the Campus Security Act and its amendments. Visit Macalester's Security Web page: www.macalester.edu/security.

2. Student Newspaper

The student newspaper, The Mac Weekly, receives a weekly summary of criminal incidents, prepared by the Security Office. If a serious or unique crime occurs, a special article may be printed.

3. Special Alerts

If circumstances warrant, special printed crime alerts can be prepared and distributed either selectively or throughout campus, and telephone voice mail alerts to all campus subscribers can be made.

If You Are Assaulted/Victimimized

1. Stay calm. Do not be ashamed or embarrassed.
2. Remember everything you can about your assailant including description of the clothing, body, voice, movement and mannerisms. Observe everything you can.
3. Obtain any possible evidence that may lead to identification, such as a piece of cloth, hair, wallet, jewelry, etc.
4. Remember everything you can about the location of the incident.
5. If your offender was on a bike or driving a car, remember as many details as possible about the make, model, color, license number, damage, etc.
6. Get help immediately. Tell the first person you see—a roommate, R.A., friend, relative, neighbor, etc. Call the Security Officer immediately at x6555 if on

campus, or the police at 911 if off campus. The shorter the time period between an incident and the investigation, the greater the chance of apprehending the assailant. Your welfare and the prevention of a repeat occurrence are our main concerns. If you want, professional counseling can be contacted and made available.

7. All victims have access, when appropriate, to the following services and assistance.
 - File criminal charges with local law enforcement.
 - Assistance by Macalester authorities upon request by the victim, including notifying law enforcement agencies.
 - Contact the Minnesota Crime Victim Ombudsman for assistance. The Ombudsman helps to ensure a victim's rights are safeguarded.
 - Contact the Minnesota Crime Victims Reparation Board. The Board may provide monetary compensation for certain crime victims.
 - An investigation and resolution of complaints of sexual violence through the Macalester disciplinary and judicial procedures.
 - The victim's participation in and the presence of the victim's attorney or other support person at any campus disciplinary hearing.
 - Notice of outcome of a disciplinary hearing consistent with state and federal law and Macalester procedures.
 - Assistance of Macalester authorities in obtaining and maintaining evidence.
 - Assistance of Macalester authorities in preserving materials relevant to a campus disciplinary hearing.
 - Change of victims on-campus housing and classroom schedule, if those changes are requested by the student and are reasonably available.

Reporting Sexual Violence

1. The College urges victims of sexual violence to contact the police as soon as possible, so that the authorities can take whatever action is necessary to preserve evidence, pursue the assailant or take other appropriate steps. In addition, the victim should contact a member of the Sexual Assault Support Team, College Security Office or a member the Macalester College Harassment Committee. The SAST member, security officer or MCHC member will provide whatever assistance is needed and will contact the most appropriate College official.

2. In order to keep the Macalester College community informed about sexual violence and the safety and security of the campus, the College is committed to the reporting of incidents of sexual violence to the Security Office when the College becomes aware of such incidents. The College will only disclose the fact that a report was made and the nature of the incident. This reporting is done for statistical purposes and is necessary to fulfill the College's obligations under Federal law. Reporting is done within the guidelines set by the Federal government and reflects activities which occur within the campus boundaries.

3. It is strongly recommended that all victims of sexual assault or violence seek medical attention within hours of the crime. To obtain critical evidence of the assault, DO NOT shower, douche, brush your teeth or discard clothing that may be important evidence.

Sex Offense Discipline

Notification to students that the institution will change a victim's academic and living situations after an alleged sex offense and of the option for those changes, if those changes are requested by the victim and are reasonably available.

If requested by the victim, and if reasonably available, the College may also take steps to change a victim's academic and living situations.

Procedures For Campus Disciplinary Action In Cases Of An Alleged Sex Offense:

Students, faculty or staff members who are victims of sexual violence should take prompt action. A member of the MCHC is available to review options with the victim.

Options include:

- Referral to local law enforcement officials. A MCHC member may assist the victim making a report of a situation.
- Personal action: Victim speaks directly to the offender and indicates that the objectionable behavior must stop.
- Formal Complaint: The victim may file a formal complaint with the MCHC which will review the case and forward as appropriate. Call (651) 696-6220 for information on the MCHC. College procedures also allow for an informal process in certain situations and at the request of the victim.

General Guidelines

- An MCHC member will review the case and forward as appropriate and is always available to assist parties in considering and selecting options available. The MCHC will provide information on the process to the accused as well.

- Any meeting held will be closed to all members of the public unless all parties agree otherwise.
- The victims and the accused can have a support person accompany them throughout the process.
- The victim and the accused will be kept informed of the status of the process and the result of the discipline process.
- The process will be handled with courtesy and respect in a timely manner.
- Both parties are given the opportunity to have witnesses present and included in the event of a formal meeting.
- Both parties involved will receive notification of the outcome of the proceedings.

Sanctions

After the final determination of the rape or other forcible or non-forcible sex offenses the student or employee may face suspension or separation from the College, in addition they may face prosecution and imprisonment under federal and Minnesota laws, which make such, acts felony and/or misdemeanor crimes.

Appeal

Either party may appeal any decision that results from the MCHC process following the resolution of a formal complaint. An appeal must be made as described In the Employee or Student handbooks of receipt of the written decision by submitting a written statement to the person designated as the appeal officer, explaining the basis for the appeal.

Registered Sex Offender Information

In accordance to the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Macalester College Safety and Security Office is providing a link to the Minnesota State Police Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the state of Minnesota, convicted sex offenders must register with the Sex Offender and Crimes Against Minors Registry maintained by the Department of State Police.

The Minnesota Predatory Offender Registration and Tracking Program are available via Internet pursuant to MN Statute 243.166 Session updates. Registry information provided under this section shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. Unlawful use of the information for purposes of intimidating or harassing another is prohibited.

Follow the link below to access the Minnesota Bureau of Criminal Apprehension website. www.dps.state.mn.us/bca/invest/documents/page-07.html

Drug And Alcohol Policies

The following represent Macalester’s drug and alcohol policies.

On Macalester College premises or at College sponsored activities, the following acts are prohibited:

1. Distribution, possession or use of any illegal drug or controlled substance;
 2. Providing alcoholic beverages to individuals under 21 years of age;
- or
3. Illegal possession of an open container of an alcoholic beverage, public intoxication, driving while intoxicated and drinking alcoholic beverages in an unauthorized public place.

In addition to disciplinary sanctions under Macalester procedures, which can include suspension or separation from the College, students and employees may face prosecution and imprisonment under federal and Minnesota laws, which make such, acts felony and/or misdemeanor crimes.

Macalester’s Counseling Center and Health and Wellness Center provide assessment, referral services and educational programs to students as an information and educational resource about alcohol and drugs. These programs are offered upon request or two times per semester.

For further information about these programs or for individual assistance, call the Chemical Health Committee or Health and Wellness Center at (651) 696-6275.

Weapons Possession

Minnesota has passed legislation that makes it significantly easier to obtain a permit to carry concealed guns on their person. We at Macalester believe that weapons and violence are not consistent with our values or persona. Therefore the College has revised its policies in the various handbooks to prohibit employees from possessing guns in the course of their college duties, affirms the prohibition on students for having weapons on campus, and prohibits campus visitors from carrying or storing any firearm

on campus. Law enforcement officials or other specific jobs that may require a weapon as part of their official and required duties would be exempt from this policy.

Crime Definitions

The definitions listed hereafter are taken from the Federal Bureau of Investigation Uniform Crime Reporting (UCR) Handbook and used to classify the criminal offenses listed above.
