

Exer 3.10

[B/B103-5]

The plot shows two different displays of density. The displays might be from the same distribution or two different distributions.

What are the two displays?

- A Density and cumulative
- B Rug and cumulative
- C Cumulative and box plot
- D Density and rug plot
- E Rug and box plot

Exer 3.10-1

TRUE or FALSE Exer 3.10-2 The two displays show the same distribution.

Describe briefly any sign of mismatch or what features convince you that the two displays are equivalent. Exer 3.10-3
