Hire a student for a job or internship

Do you have an opportunity for a Macalester student? Would you like to share opportunities from your employer or network? We would love to help you connect with Macalester students and grads to find the right person. There are several options.

You can post positions directly on MC² -- the Macalester Career Connection job and internship database. Opening an account allows you to post positions, review online resume books, and monitor applications. Create an account at https://macalester-csm.symplicity.com/employers/

To have the Career Development Center post your position for you, email cdc@macalester.edu. We will collect the resumes for you and send them to you for review – or you can have students apply directly to you.

When we receive a position posting, we may share it with academic departments, feature it on a weekly newsletter, or highlight it in a LinkedIn posting. Be sure to note that you are a Macalester parent or that there is a parent behind the organization posting the position so that we can acknowledge the connection!

If you discover a great website or organization that posts opportunities on a regular basis, we would love to hear about those as well as specific opportunities with you or your employer.

Want to reach more students? The Liberal Arts Career Network (http://liberalartscareers.org/) provides a free job and internship listing service the reaches students at 30+ of the top liberal arts colleges in the U.S.

The fine print
By posting a job or internship opportunity, you agree to comply with all federal and state regulations regarding Affirmative Action/Equal Employment Opportunity and to follow the National Association of Colleges and Employers Principals of Professional Practice. (http://www.nacaweb.org/principles/)
