

Reflective Activity

Baccalaureate Visioning Team

Activity Description

Gather seniors throughout April to reflect on their Macalester journey. Out of these reflections emerges a theme and vision for the Senior Class' Baccalaureate Celebration.

Preparation, Handouts, Resources

I invite reflections using simple prompts that recall memories.

Learning Goals

To honor the diversity of experiences had by our seniors, so that they can be honored at the community wide Baccalaureate Celebration on Commencement day.

Challenges/Obstacles

This reflection process is time-sensitive. It fits best as a companion to the final 6-weeks of the senior semester.

Recommendations

The Baccalaureate planning process provides seniors space to be reflective and work toward creating a unique offering for classmates to experience on commencement day.

Additional

It's an honor to reflect with seniors as they come to the end of this chapter in their lives.
