MACALESTER COLLEGE

In March 2024, Macalester College celebrated the 150th anniversary of its founding. The college received its charter from the State of Minnesota in 1874, and for the next several years its founders raised funds, hired faculty, planned courses, completed a classroom-office-residence building, and recruited students in preparation for Macalester's opening in September 1885 on Dakota land. The legacy of those founders—Presbyterian ministers and educators who strove for rigor and excellence—is a liberal arts college recognized for its academic excellence, its traditions of international and intercultural understanding, and its commitment to civic engagement.

To carry out its educational mission, Macalester has assembled a distinguished faculty of 200 full-time and forty-six part-time teachers and scholars who represent a broad array of disciplines in the natural sciences, social sciences, humanities, and fine arts. Macalester's 2,113 full-time and twenty-nine part-time students represent fifty states (and Washington, D.C.) in the United States and ninety-seven other nations. Their academic achievements are numerous and impressive, as demonstrated by awards including thirteen Rhodes Scholarships since 1904, and, in the last ten years, seventy-one Fulbright Grants, thirty-three National Science Foundation Fellowships, ten Thomas J. Watson Fellowships, three Truman Scholarships, and one Udall Scholarship.

Macalester's international emphasis is reflected in the fact that about 60 percent of its students study abroad for a semester or more during their college careers. The four-year civic engagement participation rate for graduating seniors is consistently well over 94 percent with students contributing, at some point during their college careers, to a variety of organizations in the Twin Cities and beyond.

Close to 60 percent of Macalester graduates enroll in further study or complete an advanced degree within six years after graduation. Macalester alumni pursue careers in business, medicine, law, social service, government, the arts, religion, and many other fields. They make significant contributions to their professions, their communities, and the world. More than 30,000 alumni welcome into their ranks the Macalester College graduates of 2024—Macalester's 135th graduating class—and wish them success and fulfillment.

“THE STAR-SPANGLED BANNER”

Recorded by the U.S. Army Band

*Oh, say can you see,
By the dawn's early light,
What so proudly we hailed
At the twilight's last gleaming?
Whose broad stripes and bright stars,
Through the perilous fight,
O'er the ramparts we watched,
Were so gallantly streaming?
And the rockets' red glare,
The bombs bursting in air,
Gave proof through the night
That our flag was still there.
Oh say, does that star-spangled banner yet wave
O'er the land of the free
And the home of the brave?*

COMMENCEMENT NOTES

The audience is requested to remain in place until the platform party has left the Commencement area. Friends and families are encouraged to remain for refreshments and to visit with graduates, faculty, and staff members on Shaw Field following the ceremony.

Candidates for degree do not cross the stage in alphabetical order.

Arrangements have been made to engage a professional photographer to take pictures of the degree recipients. In fairness to the candidates for degrees and other members of the audience, we thank you for keeping the area in front of the stage clear during the ceremony.

The professional photographer will mail proofs from which prints may be ordered to the graduate's home address. You may contact GradImages at gradimages.com or 1-800-261-2576 to have proofs emailed.

The flags displayed on campus represent the countries and nations of students studying at Macalester College. The display of a flag is not meant as a political statement, but is intended to recognize and celebrate the diverse cultures within our midst.

Thank you to all of the graduating seniors, parents, families, faculty, and staff who supported the 2024 Senior Class Gift. Your gifts support today's students and future generations of Scots!

First aid is available at the south end of the stadium, or if indoors, at the south end of the field house.

Today's ceremony is interpreted in American Sign Language. Real-time transcription of the Commencement ceremony in English can be accessed via your smartphone or other device. Find the link on the website at macalester.edu/commencement.

Should there be severe weather or other unexpected interruption in the midst of the Commencement program, graduates may be granted degrees en masse. Graduates, family members, and friends should take shelter in any of the nearby buildings including the Leonard Center, Olin-Rice Science Center, or Humanities. Please be conscious of safety issues, and do not try to crowd into a single building.

THE COMMENCEMENT SETTING

Our Commencement setting is on John Leaney Field at Macalester Stadium. Home of the Macalester football, soccer, and track and field teams, Macalester Stadium was built in 1964 and seats 4,000 people. In 2023, the college dedicated the field in honor of longtime former soccer coach John Leaney. On the Commencement stage sits a lectern that was created in 2017 by Conrad Adelman, a carpenter from Facilities Services, using recycled wood from one of the college's yellow locust trees.

ACADEMIC DRESS AND CUSTOMS

Academic dress stems from the Middle Ages, when scholars were also clerics and wore the costume of the monastic order. The hood was originally a cowl attached to the gown; it could be slipped over the head for warmth. The cap, originally round, later became a square mortarboard.

On appropriate occasions, anyone with a college or university degree may wear academic dress. By observing the style of each costume, one often may identify the university, the degree held, and the field of major interest.

The long, pointed sleeve of the gown indicates a bachelor's degree, the closed sleeve with a slit near the upper part of the arm indicates a master's degree. Bachelor's and master's gowns are black and have no trim.

The doctor's gown is usually black, but some universities prescribe other colors. All doctors' gowns have velvet trim on the front facings and crossbars on the sleeves. This trim may be black, or may match the edging of the hood.

The color of the velvet edging on the hood indicates the field in which the degree was granted. It should be noted that the doctoral degree often earned is the PhD, or doctor of philosophy, in a given subject. The academic costume then displays the color of philosophy, dark blue, rather than the color of the specific subject.

The colors associated with specific subjects are as follows:

Agriculture, *Maize*
Arts, Letters, Humanities, *White*
Commerce, Accountancy, Business, *Drab*
Dentistry, *Lilac*
Economics, *Copper*
Education, *Light Blue*

ABOUT THE COLLEGE SEAL

The seal of Macalester College, which appears on diplomas, was devised by Macalester's founder, the Rev. Edward Duffield Neill. In a sermon preached before the Presbyterian Synod of Minnesota in September 1873, he explained its significance:

"On the corporate seal of the institution are engraved two female figures, one in classic drapery, telescope in hand and compass at the feet, representing Science investigating the laws of Nature; the other in sitting posture and modern dress holding open the word of God, representing Revelation. They are in friendly converse, the twin sisters of Heaven, as the motto suggests, 'Natura et Revelatio, coeli gemini.' "

After the college became a synodical institution, the Trustees adopted the seal on October 19, 1881.
