<tr>
<td><strong>See how your prescriptions are covered</strong></td>
<td>Compare your prescription costs to help you pick the right plan for your budget.</td>
</tr>
<tr>
<td><strong>See if your doctor is in the network</strong></td>
<td>Search for your doctor or find a new one to meet your health care needs.</td>
</tr>
<tr>
<td><strong>Experience sample plan scenarios</strong></td>
<td>See how each plan covers your various health care expenses so you can pick the best plan for you.</td>
</tr>
</tbody>
</table>

**HERE’S HOW IT WORKS:**

1. Log on using the information to the left.
2. Look at plans side-by-side to see how they differ and compare.
3. Easily estimate out-of-pocket costs based on age and gender for you and any dependents you’d be covering. Or pick from a list of common conditions and medical procedures that relate to you and your family.
4. Once you’ve found a plan option you think will work best, print out a summary of that plan or email one to yourself for future reference.

Keep in mind, Plan for Me is designed to help you compare the plans your employer is offering. You’ll need to review all plan information in the Summary of Benefits and Coverage your employer gave you before you make your final choice. Don’t forget, you’ll still need to sign up for a plan through your employer’s benefit enrollment process.
