Pr. 2-20/Rev. 1-20
Summary Plan Description Effective Date: The later of January 1, 2020 and the Covered Person’s effective date of coverage under the Plan.

### Schedule of Payments

See Sections III. and IV. of this SPD for additional information about covered services and limitations.

The Network Benefits are intended to constitute a high deductible health plan under Internal Revenue Code section 223.

The amount that the Plan pays for covered services is listed below. The Covered Person is responsible for the specified dollar amount and/or percentage of charges that the Plan does not pay.

Coverage may vary according to your network or provider selection.

When you use Out-of-Network Providers, benefits are substantially reduced and you will likely incur significantly higher out-of-pocket expenses. An Out-of-Network Provider does not have an agreement with HealthPartners to provide services at the discounted fee. In addition, most Out-of-Network Benefits are restricted to the usual and customary amount as described under the definition of “Charge.” If the Out-of-Network Provider’s billed charges are over the usual and customary amount, you pay the difference, in addition to any required deductible, copayment and/or coinsurance, and these charges do not apply to the out-of-pocket limit. The only exceptions to this requirement are described in the Schedule of Payments under the “Emergency and Urgently Needed Care Services” section. These services are covered at the Network Benefit level regardless of who provides the service.

<table>
<thead>
<tr>
<th>Calendar Year:</th>
<th>This is the 12-month period beginning 12:01 A.M. Central Time, on January 1, and ending at midnight Central Time of the next following December 31.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Charge:</td>
<td>For covered services delivered by participating network providers, this is the provider's discounted charge for a given medical/surgical service, procedure or item.</td>
</tr>
<tr>
<td></td>
<td>For covered services delivered by out-of-network providers, a contracted rate may apply if such arrangement is available to the Plan Manager.</td>
</tr>
<tr>
<td></td>
<td>For the usual and customary charge for covered services delivered by out-of-network providers, the Plan’s payment is calculated using the following options in the following order depending on availability: 1) 140% of the Medicare fee schedule; 2) a comparable schedule if the service is not available on the Medicare fee schedule; or 3) a commercially reasonable rate for such service.</td>
</tr>
<tr>
<td></td>
<td>The usual and customary charge is the maximum amount allowed that the Plan considers in the calculation of the payment of charges incurred for certain covered services. You must pay for any charges above the usual and customary charge, and they do not apply to the out-of-pocket limit.</td>
</tr>
<tr>
<td></td>
<td>A charge is incurred for covered ambulatory medical, inpatient professional fees, and surgical services on the date the service or item is provided. A charge is incurred for covered inpatient facility fees on the date of admission to a hospital. To be covered, a charge must be incurred on or after the Covered Person's effective date and on or before the termination date.</td>
</tr>
<tr>
<td>Copayment/Coinsurance:</td>
<td>The specified dollar amount, or percentage, of charges incurred for covered services, which the Plan does not pay, but which a Covered Person must pay, each time a Covered Person receives certain medical services, procedures or items. The Plan's payment for those covered services or items begins after the copayment or coinsurance is satisfied. Covered services or items requiring a copayment or coinsurance are specified in this SPD.</td>
</tr>
</tbody>
</table>
For services provided by a network provider:
The amount which is listed as a percentage of charges or coinsurance is based on the
network providers’ discounted charges, calculated at the time the claim is processed,
which may include an agreed upon fee schedule rate for case rate or withhold
arrangements. However, if a network providers’ discounted charge for a service or
item is less than the flat dollar copayment, you will pay the network providers’
discounted charge. A copayment or coinsurance is due at the time a service is
provided, or when billed by the provider.

For services provided by an out-of-network provider:
Any copayment or coinsurance is applied to the lesser of the providers’ charge or the
usual and customary charge for a service.

The copayment or coinsurance applicable for a scheduled visit with a network
provider will be collected for each visit, late cancellation and failed appointment.

**Deductible:**
The specified dollar amount of charges incurred for covered services, which the Plan
does not pay, but a Covered Person or a covered family has to pay first in a calendar
year. The Plan's payment for those services or items begins after the deductible is
satisfied. If you have a family deductible, each individual family member may only
contribute up to the individual deductible amount toward the family deductible. An
individual’s copayments and coinsurance do not apply toward the family deductible.
For network providers, the amount of charges that apply to the deductible are based on
the network providers’ discounted charges, calculated at the time the claim is
processed, which may include an agreed upon fee schedule for case rate or withhold
arrangements. For out-of-network providers, the amount of charges that apply to the
deductible are the lesser of the providers’ charges or the usual and customary charge
for a service.

Unless prohibited by applicable law, any amounts paid or reimbursed by a third party,
including, but not limited to, point of service rebates, manufacturer coupons,
manufacturer debit cards or other forms of direct reimbursement to a Covered Person
for a product or service, may not apply toward your deductible.

**Lifetime Maximum Benefit:**
The specified coverage limit actually paid for services and/or charges for a Covered
Person for a given procedure or diagnosis. Payment for benefits under the Plan ceases
for that Covered Person when that lifetime maximum benefit is reached. The Covered
Person has to pay for any subsequent charges.

**Out-of-Pocket Expenses:**
You pay the specified copayments/coinsurance and deductibles applicable for
particular services, subject to the out-of-pocket limit described below. These amounts
are in addition to employee contributions.
Out-of-Pocket Limit: You pay the copayments/coinsurance and deductibles for covered services, to the individual or family out-of-pocket limit. Thereafter, 100% of charges incurred are covered under the Plan for all other covered services for the rest of the calendar year. You pay amounts greater than the out-of-pocket limit if you exceed any lifetime maximum benefit or any visit or day limits.

Out-of-Network Benefits for transplant surgery do not apply to the out-of-pocket limit and will not be paid at 100% once the out-of-pocket limit has been met.

Out-of-Network Benefits above the usual and customary charge (see definition of charge) do not apply to the out-of-pocket limit.

The reduction in benefits for failure to comply with CareCheck® requirements will not apply toward the out-of-pocket limit.

Unless prohibited by applicable law, any amounts paid or reimbursed by a third party, including, but not limited to, point of service rebates, manufacturer coupons, manufacturer debit cards or other forms of direct reimbursement to a Covered Person for a product or service, may not apply as an out-of-pocket expense.

You are responsible to keep track of the out-of-pocket expenses. Contact HealthPartners Member Services department for assistance in determining the amount paid by the Covered Person for specific eligible services received. Claims for reimbursement under the out-of-pocket limit provisions are subject to the same time limits and provisions described under the “Claims Procedures” section of the SPD.

For Network Benefits, growth deficiency drugs are limited to drugs on the Specialty Drug List and must be obtained from a designated vendor.

Certain drugs may require prior authorization as indicated on the formulary. The Plan may require prior authorization for the drug and also the site where the drug will be provided. Certain drugs are subject to HealthPartners utilization review process and quantity limits, as indicated on the formulary.

Certain non-formulary drugs require prior authorization. In addition, certain drugs may be subject to any quantity limits applied as part of the trial program. The trial drug program applies to new prescriptions for certain drugs which have high toxicity, low tolerance, high costs and/or high potential for waste. Trial drugs are indicated on the formulary and/or the Specialty Drug List. Your first fill of a trial drug may be limited to less than a month supply. If the drug is well tolerated and effective, you will receive the remainder of your first month supply.

HealthPartners may require Covered Persons to try over-the-counter (OTC) drug alternatives before approving more costly formulary prescription drugs.

Unless otherwise specified above in the “Prescription Drug Services” section, you may receive up to a 30-day supply per prescription. A 90-day supply will be covered and dispensed at a time only at pharmacies that participate in the HealthPartners extended day supply program. New prescriptions to treat certain chronic conditions are limited to a 30-day supply. No more than a 30-day supply of specialty drugs will be covered and dispensed at a time, unless it’s a manufacturer supplied drug that cannot be split that supplies the Covered Person with more than a 30-day supply.

Drugs on the Excluded Drug List are not covered. The Excluded Drug List includes select drugs within a therapy class that are not eligible for coverage. This includes drugs that may be excluded for certain indications. You can find the Excluded Drug List if you go to healthpartners.com, select Pharmacy and select any of the formularies.

Medical devices approved by the FDA will not be covered under the “Prescription Drug Services” section unless they are listed on the formulary. Covered medical devices may be covered under other medical benefits.

Outpatient drugs for the treatment of male sexual dysfunction are limited to six doses per month.

Drugs for the treatment of male sexual dysfunction ordered through the HealthPartners mail order service are limited to 18 doses per 90-day supply.

If you request a brand name drug when there is a generic equivalent, the brand name drug will be covered up to the charge that would apply to the generic drug, minus any required copayment.

If a physician requests that a brand name drug be dispensed as written (DAW), the drug will be paid at the non-formulary benefit.

HEALTHPARTNERS MISSION

OUR MISSION IS TO IMPROVE HEALTH AND WELL-BEING IN PARTNERSHIP WITH OUR MEMBERS, PATIENTS AND COMMUNITY.

ABOUT HEALTHPARTNERS and YOUR EMPLOYER

HealthPartners Administrators, Inc. ("HPAI"). HPAI ("Plan Manager") is a third party administrator (TPA). All references to “HealthPartners” throughout this document mean HPAI.

Employer ("Plan Sponsor"). The Employer has established a Medical Benefit Plan ("the Plan" and/or “this Plan”) to provide medical benefits for Covered Employees and their Covered Dependents ("Covered Persons"). The Plan is "self-insured" which means that the Plan Sponsor pays the claims from its own funding as expenses for covered services as they are incurred. The Plan is described in the Summary Plan Description ("SPD"). The Plan Sponsor has contracted with HPAI to provide access to its network of health care providers, claims processing, pre-certification and other Plan administration services. However, the Plan Sponsor is solely responsible for payment of your eligible claims.

Powers of the Plan Sponsor. The Plan Sponsor shall have all powers and discretion necessary to administer the Plan, including, without limitation, powers to: (1) establish and revise the method of accounting for the Plan; (2) establish rules and prescribe any forms required for administration of the Plan; (3) change the Plan; and (4) terminate the Plan.

The Plan Sponsor, by action of an authorized officer or committee, reserves the right to change the Plan. This includes, but is not limited to, changes to contributions, deductibles, copayments, out-of-pocket limits, benefits payable and any other terms or conditions of the Plan. The Plan Sponsor's decision to change the Plan may be due to changes in federal laws governing welfare health benefits, the requirements of the Internal Revenue Code or ERISA, or for any other reason. The Plan may be changed to transfer the Plan's liabilities to another plan or split the Plan into two or more parts.

The Plan Sponsor shall have the power to delegate specific duties and responsibilities. Any delegation by the Plan Sponsor may allow further delegations by such individuals or entities to whom the delegation has been made. Any delegation may be rescinded by the Plan Sponsor at any time. Each person or entity to whom a duty or responsibility has been delegated shall be responsible for only those duties or responsibilities, and shall not be responsible for any act or failure to act of any other individual or entity.

No Guarantee of Employment. The adoption and maintenance of the Plan shall not be deemed to be a contract of employment between the Plan Sponsor and any Covered Employee. Nothing contained herein shall give any Covered Employee the right to be retained in the employ of the Plan Sponsor or to interfere with the right of the Plan Sponsor to discharge any Covered Employee, any time, nor shall it give the Plan Sponsor the right to require any Covered Employee to remain in its employ or to interfere with the Covered Employee's right to terminate his or her employment at any time.

HealthPartners Trademarks. HealthPartners names and logos and all related products and service names, design marks and slogans are the trademarks of HealthPartners or its related companies.
RIGHTS UNDER ERISA

As a participant under the Plan, you have certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA), as amended. ERISA provides that all Plan participants shall be entitled to:

RECEIVE INFORMATION ABOUT YOUR PLAN AND BENEFITS

Examine, without charge, at the Plan Sponsor’s office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Sponsor, copies of documents governing the operation of the Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The administrator may make a reasonable charge for the copies.

Receive a summary of the Plan’s financial report. The Plan Sponsor is required by law to furnish each participant with a copy of this summary annual report.

CONTINUE GROUP HEALTH PLAN COVERAGE

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan or the rules governing your COBRA continuation coverage rights.

PRUDENT ACTIONS BY PLAN FIDUCIARIES

In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called “Fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other Plan participants and beneficiaries. No one, including your Employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

ENFORCE YOUR RIGHTS

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Sponsor to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that Plan Fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your right, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
ASSISTANCE WITH YOUR QUESTIONS

If you have any questions about your Plan, you should contact the Plan Sponsor. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Sponsor, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue Northwest, Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

RESPONSIBILITIES OF COVERED PERSONS

1. Read this SPD and the enrollment materials completely and comply with the stated rules and limitations.
2. Contact providers to arrange for necessary medical appointments.
3. Pay any applicable copayments, deductibles and contributions as stated in this SPD.
4. Identify yourself as a Covered Person by presenting your identification card whenever you receive covered services under the Plan.

RIGHTS UPON TERMINATION OR AMENDMENT OF THE PLAN

For a summary of Plan provisions governing benefits, rights and obligations of participants and beneficiaries under the Plan on termination of the Plan or amendment or elimination of benefit under the Plan, please consult your Employer.

I. INTRODUCTION TO THE SUMMARY PLAN DESCRIPTION

A. SUMMARY PLAN DESCRIPTION ("SPD")

This SPD, along with medical policies (“Medical Coverage Criteria”), is your description of the Employer's Medical Benefit Plan (“the Plan” and/or “this Plan”). The SPD describes the Plan's benefits and limitations. Included in this SPD is a Schedule of Payments which states the amount payable for Covered Services. Amendments which are included with this SPD or sent to you at a later date are fully made a part of this SPD. You may access the Medical Coverage Criteria by logging on to your “myHealthPartners” account at healthpartners.com or by calling Member Services.

This SPD should be read completely. Many of its provisions are interrelated; reading just one or two provisions may give you incomplete information regarding your rights and responsibilities under the Plan. Many of the terms used in this SPD have special meanings and are specifically defined in the SPD. Your SPD should be kept in a safe place for your future reference.

The Plan is maintained exclusively for Covered Employees and their Covered Dependents. Each Covered Person's rights under the Plan are legally enforceable. You may not, in any way, assign or transfer your rights or benefits under the Plan. In addition, you may not, in any way, assign or transfer your right to pursue any causes of action arising under the Plan including, but not limited to, causes of action for denial of benefits under the Plan.

B. MEDICAL ADMINISTRATIVE SERVICES AGREEMENT ("ASA")

This SPD, together with the ASA between the Plan Sponsor and HPAI, as well as any amendments and any other documents referenced in the ASA, constitute the entire agreement between HPAI and the Plan Sponsor. The ASA is available for inspection at your Employer’s office or at HealthPartners home office, at 8170 33rd Avenue South, P.O. Box 1309, Minneapolis, MN 55440-1309.
C. CONFLICT WITH EXISTING LAW

In the event that any provision of this SPD is in conflict with applicable law, that provision only is hereby amended to conform to the minimum requirements of the law.

D. IDENTIFICATION CARD

An identification card will be issued to you at the time of enrollment. You and your Covered Dependents will be asked to present your identification card, or otherwise show that you are a Covered Person, whenever you seek services. You may not permit anyone else to use your card to obtain care.

E. HOW TO USE THE NETWORK

This SPD describes your covered services and how to obtain them. The Plan provides Network Benefits and Out-of-Network Benefits from which you may choose to receive covered services. Coverage may vary according to your network or provider selection. The provisions below contain information you need to know in order to obtain covered services.

Designated Physician, Provider, Facility or Vendor. This is a current list of network physicians, providers, facilities or vendors which are authorized to provide certain covered services as described in this SPD. Call Member Services or log on to your “myHealthPartners” account at healthpartners.com for a current list.

Network Provider. This is any one of the participating licensed physicians, dentists, mental and chemical health or other health care providers, facilities and pharmacies, which have entered into an agreement to provide health care services to Covered Persons.

To see what physicians and other health care providers are in your network, log on to your “myHealthPartners” account at healthpartners.com. If you need assistance locating a physician or other health care provider in your network, please contact Member Services.

Out-of-Network Providers. These are licensed physicians, dentists, mental and chemical health or other health care providers, facilities and pharmacies not participating as network providers.

ABOUT THE NETWORK

To obtain Network Benefits for covered services, you must select and receive services from Network Providers.

Network. This is the network of participating network providers.

Network Clinics. These are participating clinics providing ambulatory medical services.

Continuity of Care. In the event you must change your current primary care physician, specialty care physician or general hospital provider because that provider leaves the network or because your Employer changed health plan offerings, you may have the right to continue receiving services from your current provider for a period of time. Some services provided by out-of-network providers may be considered a covered Network Benefit for up to 120 days under this Plan if you qualify for continuity of care benefits.

The following conditions qualify for this benefit:
1. an acute condition;
2. a life-threatening mental or physical illness;
3. pregnancy beyond the first trimester of pregnancy;
4. a physical or mental disability defined as an inability to engage in one or more major life activities, provided that the disability has lasted or can be expected to last for at least one year, or can be expected to result in death; or
5. a disabling or chronic condition that is in an acute phase.
You may also request continuity of care benefits for culturally appropriate services or when we do not have a provider who can communicate with you directly or through an interpreter.

Terminally ill patients are also eligible for continuity of care benefits. Continuity of care may continue for the rest of the Covered Person’s life if a physician, advanced practice registered nurse, or physician assistant certifies that the Covered Person has an expected lifetime of 180 days or less.

Call Member Services for further information regarding continuity of care benefits.

Your physician may be required to obtain prior authorization for certain services. Your physician will coordinate the authorization process for any services which must first be authorized. You may call the Member Services Department or log on to your “myHealthPartners” account at healthpartners.com for a list of which services require your physician to obtain prior authorization.

HealthPartners medical or dental directors, or their designees, will determine medical necessity and appropriateness of certain treatments based on established medical policies, which are subject to periodic review and modification.

You must use a designated convenience care clinic to obtain the convenience care benefit. You may call the Member Services Department or log on to your “myHealthPartners” account at healthpartners.com for a list.

Durable medical equipment and supplies must be obtained from or repaired by approved vendors.

Non-emergent, scheduled outpatient Magnetic Resonance Imaging (MRI) and Computed Tomography (CT) must be provided at a designated facility.

All services for the purpose of weight loss must be provided by a designated physician.

Multidisciplinary pain management must be provided at designated facilities.

For specialty drugs that are self-administered, you must obtain the specialty drugs from a designated vendor to be covered as Network Benefits.

Call Member Services for more information on authorization requirements or approved vendors.

Second Opinions for Network Services. If you question a decision or recommendation about medical care, the Plan covers a second opinion from an appropriate network provider.

Prescription Drugs and Medical Equipment. Enrolling in the Plan does not guarantee that any particular prescription drug will be available nor that any particular piece of medical equipment will be available, even if the drug or equipment was available previously.

F. CARECHECK®

It is your responsibility to notify CareCheck® of all services requiring review, as shown in 1. below. Failure to follow CareCheck® procedures may result in a reduction of the maximum coverage available to you under the Plan. You can designate another person to contact CareCheck® for you.

1. CARECHECK® Services. CareCheck® is HealthPartners utilization review program for out-of-network services. CareCheck® must pre-certify all inpatient confinement and same day surgery, new, experimental or reconstructive outpatient technologies or procedures, durable medical equipment or prosthetics costing over $3,000, home health services after your visits exceed 30 and skilled nursing facility stays.
2. **Procedure to Follow to Receive Maximum Benefits**

   a. **For medical emergencies.** A certification request is to be made by phone to CareCheck® as soon as reasonably possible after the emergency. You will not be denied full coverage because of your failure to gain certification prior to your emergency.

   b. **For medical non-emergencies.** A phone call must be made to CareCheck® when services requiring pre-certification are scheduled, but not less than 48 hours prior to that date. CareCheck® advises the physician and the hospital, or skilled nursing facility, by phone, if the request is approved. This will be confirmed by written notice within 10 days of the decision.

3. **Failure to Comply with CareCheck® Requirements.** If you fail to make a request for pre-certification of services in the time noted above, but your services requiring pre-certification are subsequently approved as medically necessary, we will reduce the eligible charges by 20%.

4. **CareCheck® Certification Does Not Guarantee Benefits.** CareCheck® does not guarantee either payment or the amount of payment. Eligibility and payment are subject to all of the terms of the SPD. CareCheck® only certifies medical necessity.

5. **Information Needed When You Call CareCheck®.**

When you or another person contacts CareCheck®, this information is needed:

- the Covered Person's name, address, phone number, birth date and ID number;
- the attending physician's name, address, and phone number;
- the facility's name, address, and phone number;
- the reason for the services requiring review, as shown in a. above.

6. **Pre-certification Process.**

When a pre-certification for a non-urgent service is requested from HealthPartners, an initial determination must be made within 15 calendar days. This time period may be extended for an additional 15 calendar days, provided that the Plan Manager determines that such extension is necessary due to matters beyond the control of the Plan. If such extension is necessary, you will be notified prior to the expiration of the initial 15-day period.

When a pre-certification for an urgent service is requested from HealthPartners, an initial determination must be made within 72 hours, so long as all information reasonably needed to make a decision has been provided. In the event that the claimant has not provided all information necessary to make a decision, the claimant will be notified of such failure within 24 hours. The claimant will then be given 48 hours to provide the requested information. The claimant will be notified of the benefit determination within 48 hours after the earlier of HealthPartners receipt of the complete information or the end of the time granted to the claimant to provide the specified additional information.

**How to contact CareCheck®:** You may call 952-883-6400 in the Minneapolis/St. Paul metro area, or 800-316-9807 (toll-free) outside the metro area, from 8:00 a.m. to 5:00 p.m. (Central Time) weekdays. You can leave a recorded message at other times. You may also write CareCheck® at Quality Utilization Management Department, 8170 33rd Avenue South, P.O. Box 1309, Minneapolis, MN 55440-1309.
G. ELIGIBILITY, EFFECTIVE DATE, LATE ENROLLMENT, SPECIAL ENROLLMENT PERIOD, SPECIAL RULES RELATING TO MEDICAID AND THE CHILDREN’S HEALTH INSURANCE PROGRAM (“CHIP”), CHANGES IN BENEFITS AND TERMINATION

1. ELIGIBILITY. An eligible employee is one who is regularly scheduled to work at least 0.5 FTE hours per week. An employee who is not eligible to participate in the plan because the employee is not regularly scheduled to work at least 0.5 FTE hours per week shall become eligible for plan participation on the date he or she becomes eligible under the "look-back" eligibility definition set forth in Appendix A. Please see Employment Services for a copy of Appendix A. Employees must enroll themselves and any eligible dependents within 31 days of the date they first become eligible. The employee must enroll a newly acquired dependent (such as a new spouse) within 31 days of when the new dependent is first acquired. There may be additional situations when the employee is eligible to enroll after the first 31 days of eligibility. If there are any questions, contact the Plan Sponsor and see "LATE ENROLLMENT" below.

2. EFFECTIVE DATE. The employee and any dependent's effective date is the first day of the month following the date of hire.

An employee must be actively at work on the initial effective date of coverage or coverage for the employee and dependents will be delayed until the date the employee returns to work. The effective date of coverage shall not be delayed if the employee is not actively at work due to the employee’s health status, medical condition, or disability.

For purposes of this provision, "actively at work" is the time period in which an employee is customarily performing all the regular duties of his/her occupation at the usual place of employment or business, or at some location to which that employment requires travel. An employee is considered actively at work for the time period absent from work solely by reason of vacation or holiday, if the employee was actively at work on the last preceding regular workday.

3. LATE ENROLLMENT. If you are a late enrollee, you may only enroll yourself and any eligible dependents during the Employer’s annual open enrollment, or if you or your dependents have met the criteria under “SPECIAL ENROLLMENT PERIOD” below. You may also enroll yourself and any eligible dependents if you meet the eligible events as described under the section 125 plan.

4. SPECIAL ENROLLMENT PERIOD. An employee who is eligible, but not enrolled for coverage under the Plan, or a dependent of such employee if the dependent is eligible but not enrolled for coverage under the Plan, may enroll for coverage under the terms of the Plan if all of the following conditions are met:

   a. the employee or dependent was covered under a group health plan or had health insurance coverage at the time coverage was previously offered to the employee or dependent;
   b. the employee stated in writing at the time of initial eligibility that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the Plan Sponsor required such a statement at such time and provided the employee with notice of such requirement and the consequences of such requirement at such time;
   c. the employee's or dependent's coverage described in a. above was:
      1. under a COBRA continuation provision and the coverage under such provision was exhausted; or
(2) not under such a provision and either the coverage was terminated as a result of loss of eligibility for the coverage (including: as a result of legal separation; divorce; death; termination of employment; cessation of dependent status; reduction in the number of hours of employment; a situation in which the individual incurs a claim that would meet or exceed a lifetime limit on all benefits; a situation in which coverage is no longer offered to a class of similarly situated individuals that includes the individual; a situation in which an individual loses coverage through a health maintenance organization or other arrangement because that individual no longer resides, lives or works in the health maintenance organization’s service area or a situation in which the individual’s benefit option is terminated) or employer contributions toward such coverage were terminated; and
d. the employee requested such enrollment not later than 31 days after the date of exhaustion of coverage described in c. (1) above, or one of the events listed in c. (2) above.

Dependent beneficiaries may enroll if: (a) a group health plan makes coverage available with respect to a dependent of an employee; (b) the employee is covered under the Plan (or has met any waiting period applicable to becoming a participant under the Plan and is eligible to be enrolled under the Plan but for a failure to enroll during a previous enrollment period); and (c) a person becomes a dependent of the employee through marriage, birth, or adoption or placement for adoption. The Plan shall provide for a dependent Special Enrollment Period during which the person (or, if not otherwise enrolled, the employee) may be enrolled under the Plan as a dependent of the employee and in the case of the birth or adoption of a child, the spouse of the employee may be enrolled as a dependent of the employee if such spouse is otherwise eligible for coverage. A dependent Special Enrollment Period shall be a period of not less than 31 days and shall begin on the later of:

a. the date dependent coverage is made available; or
b. the date of the marriage, birth, or adoption or placement for adoption described in (c) in the paragraph above.

If an individual seeks to enroll a dependent during the first 31 days of such a dependent Special Enrollment Period, the coverage of the dependent shall become effective:

a. in the case of marriage, not later than the first day of the first month beginning after the date the completed request for enrollment is received;
b. in the case of a dependent's birth, as of the date of such birth; or
c. in the case of a dependent's adoption or placement for adoption, the date of such adoption or placement for adoption.

5. SPECIAL RULES RELATING TO MEDICAID AND THE CHILDREN’S HEALTH INSURANCE PROGRAM (“CHIP”). In general – an employee who is eligible but not enrolled for coverage under the terms of the Plan (or a dependent of such an employee if the dependent is eligible but not enrolled for coverage under such terms) may enroll for coverage under the terms of the Plan if either of the following conditions is met:

a.    e. When the Plan terminates.
   
   f. In the event of misrepresentation or omission of a material fact by the Covered Person regarding eligibility, enrollment, other coverage, claims or other expenses, the Plan Sponsor has the right to rescind this Summary Plan Description or disenroll the Covered Person.

To the extent that a termination would be considered a rescission under federal law under terms b. and c., the Plan Sponsor is required to give the Covered Person 30 days advance notice of termination.

The Covered Employee must give the Plan Manager a written request for coverage of a disabled dependent. The request must include written proof of disability and must be approved by the Plan Manager, in writing. The Plan Manager must receive the request within 31 days of the date an already enrolled dependent becomes eligible for coverage under this definition, or when adding a new disabled dependent eligible under this definition.

**Generic Drug.** A prescription drug, approved by the Food and Drug Administration (FDA), that the FDA has determined is comparable to a brand name drug product in dosage, form, strength, route of administration, quality, intended use and documented bioequivalence. Generally, generic drugs cost less than brand name drugs. Some brand name drugs may be covered at the generic drug benefit level if this is indicated on the formulary.

**Habilitative Care.** This is speech, physical or occupational therapy which is rendered for congenital, developmental or medical conditions which have significantly limited the successful initiation of normal speech and normal motor development. To be considered habilitative, measurable functional improvement and measurable progress must be made toward achieving functional goals, within a predictable period of time toward a Covered Person's maximum potential ability. In the event a Covered Person chooses to receive care in a private room under circumstances in which it is not medically necessary, payment under the Plan toward the cost of the room shall be based on the average semi-private room rate in that facility.

**Investigative.** As determined by HealthPartners, a drug, device, medical, behavioral health or dental treatment is investigative if reliable evidence does not permit conclusions concerning its safety, effectiveness, or positive effect on health outcomes and will be considered investigative unless all of the following categories of reliable evidence are met:

- There is final approval from the appropriate government regulatory agency, if required. This includes whether a drug or device can be lawfully marketed for its proposed use by the United States Food and Drug Administration (FDA); and
- The drug or device or medical, behavioral health or dental treatment or procedure is not the subject of ongoing Phase I, II or III clinical trials; and
• The drug, device or medical, behavioral health or dental treatment or procedure is not under study and further studies are not needed (such as post-marketing clinical trial requirements) to determine maximum tolerated dose, toxicity, safety, effect on health outcomes or efficacy as compared to existing standard means of treatment or diagnosis; and
• There is conclusive evidence in major peer-reviewed medical journals demonstrating the safety, effectiveness and positive effect on health outcomes (the beneficial effects outweigh any harmful effects) of the service or treatment when compared to standard established service or treatment. Each article must be of well-designed investigations, using generally acceptable scientific standards that have been produced by nonaffiliated, authoritative sources with measurable results. Case reports do not satisfy this criterion. This also includes consideration of whether a drug is included in one of the standard reference compendia or “Major Peer Reviewed Medical Literature” (defined below) for use in the determination of a medically necessary accepted indication of drugs and biologicals used off-label as appropriate for its proposed use.

**Major Peer Reviewed Medical Literature.** This means articles from major peer reviewed medical journals that have recognized the drug or combination of drugs' safety and effectiveness for treatment of the indication for which it has been prescribed. Care may be determined to be maintenance care regardless of whether your condition requires skilled medical care or the use of medical equipment.

**Medically Necessary/Medically Necessary Care.** This is health care services and prescription drug use that are appropriate in terms of type, frequency, level, setting and duration to your diagnosis or condition, diagnostic testing and preventive services. Medically necessary care, as determined by the Plan, must be:

• Appropriate for the symptoms, diagnosis or treatment of your medical condition;
• Consistent with evidence-based standards of medical practice where applicable;
• Not primarily for your convenience or that of your family, your physician, or any other person; and
• The most appropriate and cost-effective level of medical services, prescription drugs or supplies that can be safely provided. When applied to inpatient care, it further means that the medical symptoms or conditions require that the medical services or supplies cannot be safely provided in a lower level of care setting.

The fact that a physician, participating provider, or any other provider, has prescribed, ordered, recommended or approved a treatment, service or supply, or has informed you of its availability, does not in itself make it medically necessary.

**Medicare.** This is the federal government's health insurance program under Social Security Act Title XVIII, as amended. Medicare provides medical benefits to people who are 65 or older, or who are permanently disabled. The program has two parts: Part A and Part B. It must (1) bear the legend: "Caution: federal law prohibits dispensing without a prescription" or "Rx Only"; and (2) be dispensed only by authorized prescription of any physician or legally authorized health care provider under applicable state law. Drugs that are newly approved by the FDA must be reviewed by HealthPartners Pharmacy and Therapeutics Committee. This process may take up to six months after market availability.

Pre-service Claim. This is any claim for a benefit under a group health plan with respect to which the terms of the Plan condition receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. The only claims under this Plan that meet this definition are those claims that require pre-certification by CareCheck®.

Reconstructive Surgery. This is limited to reconstructive surgery, incidental to or following surgery, resulting from injury or illness of the involved part, or to correct a congenital disease or anomaly resulting in functional defect in a dependent child. A functional defect is one that interferes with a Covered Person's ability to perform activities of daily living.

Functional impairments include but are not limited to significant impairment in chewing, breathing or swallowing. Associated dental or orthodontic services (pre or post operatively including surgical rapid palatal expansion) are not covered as a part of this benefit.

5. **Treatment of Cleft Lip and Cleft Palate.** The Plan covers certain treatment of cleft lip and cleft palate of a dependent child, to the limiting age in the definition of an “Eligible Dependent,” including orthodontic treatment and oral surgery directly related to the cleft. Benefits for individuals up to age 26 for coverage of the dependent are limited to inpatient or outpatient expenses arising from medical and dental treatment that was scheduled or initiated prior to the dependent turning age 19. Dental services which are not necessary for the treatment of cleft lip or cleft palate are not covered. If a dependent child covered under the Plan is also covered under a dental plan which includes orthodontic services, that dental plan shall be considered primary for the necessary orthodontic services. Oral appliances are subject to the same copayment, conditions and limitations as durable medical equipment.

6. **Treatment of Temporomandibular Disorder (TMD) and Craniomandibular Disorder (CMD).** The Plan covers surgical and non-surgical treatment of Temporomandibular Disorder (TMD) and Craniomandibular Disorder (CMD), when such care is medically necessary. It does not include upgrades above and beyond the functionality of a basic hearing aid, including, but not limited to, hearing improvements for group settings, background noise, Bluetooth/remote control functionality or extended warranties. Charges for upgrades above the cost of a basic, standard hearing aid are not covered.

I. EMERGENCY AND URGENTLY NEEDED CARE SERVICES

Urgently Needed Care. These are services to treat an unforeseen illness or injury, which are required in order to prevent a serious deterioration in the Covered Person's health, and which cannot be delayed until the next available clinic hours.

Emergency Care. These are services to treat: (1) the sudden, unexpected onset of illness or injury which, if left untreated or unattended until the next available clinic or office hours, would result in hospitalization; or (2) a condition requiring professional health services immediately necessary to preserve life or stabilize health.

When reviewing claims for coverage of emergency services, a reasonable layperson's belief that the circumstances required immediate medical care that could not wait until the next working day or next available clinic appointment will be taken into consideration.

The Plan must be notified within two working days of admission to an out-of-network hospital, or as soon as reasonably possible under the circumstances.

The Plan covers services for emergency care and urgently needed care if the services are otherwise eligible for coverage in this SPD.

J. GENE THERAPY

The Plan covers gene therapy treatment that meets the Medical Coverage Criteria. Gene therapy must be provided by a designated provider. Specific types of gene therapy are limited to therapies and conditions specified in the Medical Coverage Criteria.

K. HEALTH EDUCATION

The Plan covers education for preventive services and education for the management of chronic health problems (such as diabetes).

L. HOME HEALTH SERVICES

The Plan covers skilled nursing services, physical therapy, occupational therapy, speech therapy, respiratory therapy and other therapeutic services, non-routine prenatal and postnatal services, routine postnatal well child visits as described in the Medical Coverage Criteria, phototherapy services for newborns, home health aide services and other eligible home health services when rendered in the Covered Person's home if the Covered Person is homebound (i.e., unable to leave home without considerable effort due to a medical condition). Lack of transportation does not constitute homebound status. For phototherapy services for newborns and high risk pre-natal services, supplies and equipment are included.

The Plan covers total parenteral nutrition/intravenous (“TPN/IV”) therapy, equipment, supplies and drugs in connection with IV therapy. IV line care kits are covered under Durable Medical Equipment.

You do not need to be homebound to receive total parenteral nutrition/intravenous (“TPN/IV”) therapy.

The Plan covers palliative care benefits. Palliative care includes symptom management, education and establishing goals for care. The requirement that the Covered Person is homebound will be waived for a limited number of home visits for palliative care (as shown in the Schedule of Payments), if you have a life-threatening, non-curable condition which has a prognosis of two years or less. Additional palliative care visits are eligible under the home health services benefit if you are homebound and meet all other requirements defined in this section.
Home health services are eligible and covered only when they are:

1. medically necessary; and
2. provided as rehabilitative or terminal care; and
3. ordered by a physician, and included in the written home care plan.

Home health services are not provided as a substitute for a primary caregiver in the home or as relief (respite) for a primary caregiver in the home. The Plan will not reimburse family members or residents in the Covered Person's home for the above services.

A service shall not be considered a skilled nursing service merely because it is performed by, or under the direct supervision of, a licensed nurse. Where a service (such as tracheotomy suctioning or ventilator monitoring or like services) can be safely and effectively performed by a non-medical person (or self-administered), without the direct supervision of a licensed nurse, the service shall not be regarded as a skilled nursing service, whether or not a skilled nurse actually provides the service. The unavailability of a competent person to provide a non-skilled service shall not make it a skilled service when a skilled nurse provides it. Only the skilled nursing component of so-called "blended" services (i.e., services which include skilled and non-skilled components) are covered under the Plan.

M. HOME HOSPICE SERVICES

Applicable Definitions:

**Part-time.** This is up to two hours of service per day; more than two hours per day is considered continuous care.

Covered Persons who elect to receive hospice services do so in lieu of curative treatment for their terminal illness for the period they are enrolled in the home hospice program.

   a. **Eligibility:** In order to be eligible to be enrolled in the home hospice program, a Covered Person must: (1) be a terminally ill patient (prognosis of six months or less); (2) have chosen a palliative treatment focus (i.e., emphasizing comfort and supportive services rather than treatment attempting to cure the disease or condition); and (3) continue to meet the terminally ill prognosis as determined by HealthPartners medical director or his or her designee over the course of care. A Covered Person may withdraw from the home hospice program at any time.

   care assistant who has provided home care services to a ventilator-dependent patient, solely
   for the purpose of assuring adequate training of the hospital staff to communicate with that
   patient.

   Group health plans and health insurance issuers generally may not, under federal law,
   restrict benefits for any hospital length of stay in connection with childbirth for the mother
   or the newborn child to less than 48 hours following a vaginal delivery, or less than 96
   hours following a cesarean section. However, federal law generally does not prohibit the
   mother’s or newborn’s attending provider, after consulting with the mother, from
   discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In
   any case, plans and issuers may not, under federal law, require that a provider obtain
   authorization from the Plan or the insurance issuer for prescribing a length of stay not in
   excess of 48 hours (or 96 hours).

   Services or items for personal convenience, such as television rental, are not covered.

W. PREVENTIVE SERVICES

Routine Preventive Services are routine healthcare services that include screenings, check-ups and counseling to prevent illness, disease or other health problems before symptoms occur.

Diagnostic Services are services to help a provider understand your symptoms, diagnose illness and decide what treatment may be needed. They may be the same services listed as preventive services, but they are being used as diagnostic services. Your provider will determine if these services are preventive or diagnostic. These services are not preventive if received as part of a visit to diagnose, manage or maintain an acute or chronic medical condition, illness or injury. When that occurs, standard deductibles, copayments or coinsurance apply.

Covered services are based on established medical policies, which are subject to periodic review and modification by the medical or dental directors. The Medical Coverage Criteria are available by logging on to your “myHealthPartners” account at healthpartners.com or by calling Member Services.

The Plan covers preventive services which meet any of the requirements under the Affordable Care Act (ACA) shown in the bulleted items below. These preventive services are covered at 100% under the Network Benefits with no deductible, copayments or coinsurance. If a preventive service is not required by the ACA and it is covered at a lower benefit level, it will be specified below. Preventive benefits mandated under the ACA are subject to periodic review and modification. Changes will be effective in accordance with the federal rules. Preventive services mandated by the ACA include:

- Evidence-based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF) with respect to the individual;
- Immunizations for routine use in children, adolescents and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the individual;
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration; and
- With respect to women, preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

ACA mandated preventive services are covered as follows:

1. Routine health exams and periodic health assessments. A physician or health care provider will counsel Covered Persons as to how often health assessments are needed based on the age, sex and health status of the Covered Person. This includes screening and counseling for tobacco use and all FDA approved tobacco cessation medications including over-the-counter drugs (as shown in the “Prescription Drug Services” section).
2. Child health supervision services. This includes pediatric preventive services such as newborn screenings, appropriate immunizations, developmental assessments and laboratory services appropriate to the age of the child from birth to 72 months, and appropriate immunizations to age 18.
3. Routine prenatal care and exams.
4. Routine postnatal care. This includes health exams, assessments, education and counseling relating to the period immediately after childbirth.

This includes mammograms, screenings for cervical cancer (pap smears), breast pumps, human papillomavirus (HPV) testing, counseling for sexually transmitted infections, counseling and screening for human immunodeficiency virus (HIV) and all FDA approved contraceptive methods as prescribed by a physician, sterilization procedures, education and counseling. (See the “Prescription Drug Services” section for coverage of contraceptive drugs.) For women whose family history is associated with an increased risk for BRCA1 or BRCA2 gene mutations, the Plan covers genetic counseling and BRCA screening without cost sharing, if appropriate and as determined by a physician.

9. Obesity screening and management. The Plan covers obesity screening and counseling. If you are age 18 or older and have a body mass index of 30 or more, the Plan covers intensive obesity management to help you lose weight. Your primary care physician can coordinate these services.

10. Preventive Medications. The Plan covers preventive medications currently recommended by the USPSTF with an A or B rating if they are prescribed by your medical provider and they are listed on the formulary. Preventive medications are subject to periodic review and modification. Changes would be effective in accordance with the federal rules and reflected in the current Medical Coverage Criteria for preventive care services.

In addition to the ACA mandated preventive services referenced above, the Plan covers the following eligible services:

11. Routine Eye Exams.
12. Routine Hearing Exams.
13. Prostate-Specific Antigen (PSA) Testing

The transplant-related treatment provided, including the expenses incurred for directly related donor services, shall be subject to and in accordance with the provisions, limitations, maximums and other terms of this SPD.

Medical and hospital expenses of the donor are covered only when the recipient is a Covered Person and the transplant and directly related donor expenses have been prior authorized for coverage. The Plan considers the following transplants to be investigative and does not cover them: surgical implantation of mechanical devices functioning as a permanent substitute for a human organ, non-human organ implants and/or transplants and other transplants not specifically listed in this SPD. V. DISPUTES AND COMPLAINTS

A. DETERMINATION OF COVERAGE

Eligible services are covered only when medically necessary for the proper treatment of a Covered Person. HealthPartners medical or dental directors, or their designees, make coverage determinations of medical necessity, restrictions on access and appropriateness of treatment, and they make final authorization for covered services. In certain circumstances where prior authorization is required for a covered service, Covered Persons may be directed by the Plan Manager to the most cost-effective site of care to receive covered services. If the site to which the Covered Person is being directed has a higher cost to the Covered Person than the original physician directed site of care, the benefit category with the lower cost to the Covered Person will apply.

Covered prescription drugs are based on requirements established by the HealthPartners Pharmacy and Therapeutics Committee, and are subject to periodic review and modification.

Coverage determinations are based on the Medical Coverage Criteria, which are subject to periodic review and modification by HealthPartners medical or dental directors.

If your claim for medical services was denied based on HealthPartners clinical coverage criteria, you or your provider can discuss the decision with a clinician who reviewed the request for coverage. Call Member Services for assistance.

B. COMPLAINTS

The Plan has a complaint procedure to resolve complaints and disputes. Complaints should be made in writing or orally. They may concern the provision of care by network providers, administrative actions, or claims related to the Plan, including breach, meaning or termination. The complaint system seeks to resolve a dispute which arose during the time of your coverage, or application for coverage.

Complaints must be made to:

VI. CONDITIONS

A. RIGHTS OF REIMBURSEMENT AND SUBROGATION

If services are provided or paid for under the Plan to treat an injury or illness: (1) caused by the act or omission of another party; (2) covered by no fault insurance or other auto insurance or employers liability laws; (3) available or required to be furnished by or through national or state governments or their agencies; or (4) sustained on the property of a third party, the Plan Sponsor or its designee has the right to recover the reasonable value of services and payments made. This right shall be by reimbursement and subrogation. The right of reimbursement means you must repay the Plan Sponsor or its designee at the time you make any recovery. Recovery means all amounts received by you from any persons, organizations or insurers by way of settlement, judgment, award or otherwise on account of such injury or illness. The right of subrogation means that the Plan Sponsor or its designee may make claim in your name or the Plan Sponsor's name against any persons, organizations or insurers on account of such injury or illness. Attorneys' fees and expenses incurred by a Covered Person in connection with the recovery of monies from third parties may not be deducted from subrogation/reimbursement amounts, unless agreed to by the Plan Sponsor in its discretion.

In addition, the Plan will have a lien on any amounts payable by a third party or under an insurance policy or program, to the extent covered expenses are paid by the Plan Sponsor’s Medical Benefit Plan. The rights of reimbursement and subrogation apply whether or not the Covered Person has been fully compensated for losses or damages by any recovery of payments, and the Plan Sponsor or its designee will be entitled to immediately collect the present value of subrogation rights from said payments.

If, after recovery of any payments, you receive services or incur expenses on account of such injury or illness, you may be required to pay for such services or expenses. The total of all reimbursement and payments will not exceed your recovery.

This right of reimbursement and subrogation applies to any type of recovery from any third party, including, but not limited to, recoveries from tortfeasors, uninsured motorist coverage, underinsured motorist coverage, medical payments coverage, other substitute coverage or any other right of recovery, whether based on tort, contract, equity or any other theory of recovery. The right of reimbursement is binding upon you, your legal representative, your heirs, next of kin and any trustee or legal representative of your heirs or next of kin in the event of your death. Any amounts you receive from such a recovery must be held in trust for the Plan's benefit to the extent of subrogation claims.

You agree to cooperate fully in every effort by the Plan Sponsor or its designee to enforce the rights of reimbursement and subrogation. You also agree that you will not do anything to interfere with those rights. You agree to promptly inform the Plan Sponsor in writing of any situation or circumstance which may allow the Plan Sponsor to invoke its rights under this section.

B. COORDINATION OF BENEFITS

You agree, as a Covered Person, to permit the Plan Manager to coordinate payments under any other medical benefit plans as specified below, which cover you or your dependents. You also agree to provide any information or submit any claims to other medical benefit plans necessary for this purpose. If you fail to provide this information, your claim may be delayed or denied. You agree to authorize the Plan Manager's billing to other medical plans, for purposes of coordination of benefits.

Unless applicable law prevents disclosure of the information without the consent of the patient or the patient's representative, each person claiming benefits under the Plan must provide any facts needed to pay the claim.

1. Applicability.
   a. This Coordination of Benefits (COB) provision applies to the Plan when a Covered Employee or the Covered Employee's Covered Dependent has medical care coverage under more than one plan. "Plan" and "The Plan" are defined below.
If this Coordination of Benefits provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of The Plan are determined before or after those of another plan. The benefits of The Plan:

1. shall not be reduced when, under the order of benefit determination rules, benefits under The Plan are determined before another plan; but
2. may be reduced when, under the order of benefits determination rules, another plan determines its benefits first. The above reduction is described in paragraph 4. below.

2. Definitions.
   a. "Plan" is any of these which provides benefits or services for, or because of, medical or dental care or treatment:
      1. Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.
      2. Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time).
   b. "The Plan" is the part of the Plan that provides benefits for medical care expenses.
   c. "Primary Plan/Secondary Plan" The order of benefit determination rules state whether The Plan is a Primary Plan or Secondary Plan as to another plan covering the person. When The Plan is a Primary Plan, its benefits are determined before those of the other plan and without considering the other plan's benefits. When The Plan is a Secondary Plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits. When there are more than two plans covering the person, The Plan may be a Primary Plan as to one or more of the plans and may be a Secondary Plan as to a different plan or plans.
   d. "Allowable Expense" is a necessary, reasonable and customary item of expense for medical care when the item of expense is covered at least in part by one or more plans covering the person for whom the claim is made. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an Allowable Expense under the above definition unless the patient's stay in a private hospital room is medically necessary either in terms of generally accepted medical practice, or as specifically defined in the plan. When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid. When benefits are reduced under a primary plan because a Covered Person does not comply with the plan provisions, the amount of such reduction will not be considered an Allowable Expense. Examples of such provisions are those related to second surgical opinions, pre-certification of admissions or services, and preferred provider arrangements.
   e. “Claim Determination Period" is a calendar year. However, it does not include any part of a year during which a person has no coverage under The Plan, or any part of a year before the date this COB provision or a similar provision takes effect.

   a. General. When there is a basis for a claim under The Plan and another plan, The Plan is a Secondary Plan which has its benefits determined after those of another plan, unless:
      1. the other plan has rules coordinating its benefits with those of The Plan; and
      2. both those rules and The Plan's rules, in subparagraph b. below, require that The Plan's benefits be determined before those of the other plan.
   b. Rules. The order of benefits are determined using the first of the following rules which applies:
      1. Nondependent/Dependent. The benefits of the plan which cover the person as a Covered Person or subscriber (that is, other than as a dependent) are determined before those of the plan which cover the person as a dependent.
(2) Dependent Child/Parents not Separated or Divorced. Except as stated in subparagraph b. (3) below, when The Plan and another plan cover the same child as a dependent of different persons, called "parents":

(a) the benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

(b) if both parents have the same birthday, the benefits of the plan which covered one parent longer are determined before those of the plan which covered the other parent for a shorter period of time. However, if the other plan does not have the rule described in (a) immediately above, but instead has a rule based on the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

(3) Dependent Child/Separated or Divorced. If two or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:

(a) first, the plan of the parent with custody of the child;

(b) then, the plan of the spouse of the parent with the custody of the child; and

(c) finally, the plan of the parent not having custody of the child. However, if the specific terms of a court decree state that one of the parents is responsible for the medical care expense of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent shall be the Secondary Plan. This paragraph does not apply with respect to any Claim Determination Period or calendar year during which any benefits are actually paid or provided before the entity has that actual knowledge.

(4) Joint Custody. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for medical care expenses of the child, the plans covering the child follow the order of benefit determination rules outlined in subparagraph b. (2).

(5) Active/Inactive Enrollee. The benefits of a plan which covers a person as a Covered Employee who is neither laid off nor retired (or as that Covered Employee's dependent) are determined before those of a plan which cover that person as a laid off or retired Covered Employee (or as that Covered Employee's dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

(6) Longer/Shorter Length of Coverage. If none of the above rules determines the order of benefits, the benefits of the plan which covered a Covered Person or subscriber longer are determined before those of the plan which covered that person for the shorter term.

4. Effect on the Benefits of this Plan.

a. When this Section Applies. This paragraph 4. applies when, in accordance with paragraph 3. "Order of Benefit Determination Rules," The Plan is a Secondary Plan as to one or more other plans. In that event the benefits of The Plan may be reduced under this section. Such other plan or plans are referred to as "the other plans" in b. immediately below.

b. Reduction in this Plan's Benefits. The benefits of This Plan will be reduced by the benefits that would be payable for the Allowable Expenses under the other plans, whether or not claim is made. In no event will This Plan pay benefits which, combined with the benefits of the other plans, total more than the Allowable Expenses under This Plan. When the benefits of This Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of This Plan.
5. **Right to Receive and Release Needed Information.** Certain facts are needed to apply these COB rules. The Plan Manager has the right to decide which facts are needed. Consistent with applicable state and federal law, the Plan Manager may get needed facts from or give them to any other organization or person, without your further approval or consent. Unless applicable federal or state law prevents disclosure of the information without the consent of the patient or the patient's representative, each person claiming benefits under The Plan must give any facts the Plan Manager needs to pay the claim.

6. **Facility of Payment.** A payment made under another plan may include an amount which should have been paid under The Plan. If it does, the Plan Sponsor may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under The Plan. The Plan Sponsor will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

7. **Right of Recovery.** If the amount of the payments made by the Plan Sponsor is more than the amount that should have paid under this COB provision, the Plan Manager may recover the excess from one or more of:
   a. the persons it has paid or for whom it has paid;
   b. insurance companies; or
   c. other organizations.

   The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

   The benefits provided by the Plan do not apply to injury or disease covered by no-fault insurance, employers liability laws (including workers' compensation), and care available or required to be furnished by or through national or state governments or their agencies including care to which a Covered Person is legally entitled and for which facilities are reasonably available for military service-connected conditions or disabilities. Subject to the Plan's rights in A. "Rights of Reimbursement and Subrogation" above, medically necessary services will be provided upon request and only expenses incurred for medical treatment otherwise covered by the Plan will be paid if the no-fault insurer, employer, or national or state government or its agencies refuse to pay said expenses. You must cooperate with the Plan Manager's program to bill allowable no-fault and workers' compensation claims to the appropriate insurer(s).

C. **MEDICARE AND THE PLAN**

The provisions in this section apply to some, but not all, Covered Persons who are eligible for Medicare. They apply in situations where the federal Medicare Secondary Payer Program allows Medicare to be the primary payer of a Covered Person's medical care claims. Consult your Employer to determine whether or not Medicare is primary in your situation.

In general, Medicare is secondary payer for Medicare enrollees who: (1) are active employees and (2) are covered by Medicare because they have reached age 65 when there are 20 or more employees in the group. The Medicare secondary payer rules change from time to time and the most recent rule will be applied.

Medicare is the primary payer:
1. For Covered Persons with end stage renal disease, after the 30 month period following the earlier of (1) the month in which the Covered Person begins a regular course of renal dialysis, or (2) the first of the month in which the Covered Person became entitled to Medicare, if the Covered Person received a kidney transplant without first beginning dialysis. This is regardless of the size of the Employer.
2. For retirees who are age 65 or over.
3. For Covered Persons under age 65, who are covered by Medicare because of disability (other than end stage renal disease), when (1) the Employer employs fewer than 100 employees and the Covered Person or their spouse or parent has group health plan coverage due to current employment, or (2) the Covered Person or their spouse or parent has coverage not due to current employment, regardless of the number of employees of the Employer.
If Medicare is the primary payer, the benefits under the Plan are not intended to duplicate any benefits to which Covered Persons are, or would be, entitled under Medicare. All sums payable under Medicare for services provided pursuant to the Plan shall be payable to and retained by the Plan Sponsor. Each Covered Person shall complete and submit to the Plan such consents, releases, assignments and other documents as may be requested by the Plan Manager in order to obtain or assure reimbursement under Medicare for which Covered Persons are eligible.

If Medicare is the primary payer, the benefits under the Plan are not intended to duplicate any benefits to which Covered Persons are, or would be, entitled under Medicare. All sums payable under Medicare for services provided pursuant to the Plan shall be payable to and retained by the Plan Sponsor. Each Covered Person shall complete and submit to the Plan such consents, releases, assignments and other documents as may be requested by the Plan Manager in order to obtain or assure reimbursement under Medicare for which Covered Persons are eligible.

If Medicare is the primary payer, the Plan also reserves the right to reduce benefits for any medical expenses covered under the Plan by the amount of any benefits available for such expenses under Medicare. This will be done before the benefits under the Plan are calculated. Charges for services used to satisfy a Covered Person's Medicare Part B deductible will be applied under the Plan in the order received by the Plan. Two or more charges for services received at the same time will be applied starting with the largest first.

If Medicare is the primary payer, the benefits under the Plan will only be reduced to the extent that the Covered Person has actually enrolled in Medicare.

The provisions of this section will apply to the maximum extent permitted by federal or state law. The Plan will not reduce the benefits due any Covered Person due to that Covered Person's eligibility for Medicare where federal law requires that the Plan determine the benefits for that Covered Person without regard to the benefits available under Medicare.

VII. CONTINUATION OF GROUP COVERAGE

As required by the federal Consolidated Omnibus Budget Reconciliation Act (COBRA), if your eligibility for group coverage under the Plan ends because of one of the qualifying events shown below, you may be eligible to continue group coverage as shown below.

CONTINUATION OF GROUP COVERAGE

1. Qualifying Events. Coverage under the Plan may be continued by a Covered Employee, Covered Dependent spouse and other Covered Dependents, enrolled at the time coverage would otherwise end, or a child born to or placed for adoption with the Covered Employee during the period of continuation coverage, as a result of one of the following qualifying events:

   a. Termination of employment (except for gross misconduct) of the Covered Employee, or reduction in hours resulting in a loss of group coverage.
   b. Death of the Covered Employee.
   c. Divorce or legal separation of the Covered Employee.
   d. Loss of eligibility as a Covered Dependent child.
   e. Initial enrollment of the Covered Employee for Medicare.
   f. For a retired Covered Employee, spouse and other dependents, the bankruptcy filing by a former Employer, under Title XI, United States Code, on or after July 1, 1986.

2. Duration of Continuation Coverage. The maximum period coverage can be continued depends on the qualifying event. Continuation coverage may be terminated earlier as shown below. The maximum period of continuation coverage starts on the day of the qualifying event.

   a. Maximum period

      (1) Termination and reduced hours. The maximum period of continuation coverage is 18 months. If a second qualifying event, other than the Employer’s bankruptcy, occurs during the 18 months, the maximum period of continuation coverage is 36 months.
(2) **Disabled Covered Employee, Covered Dependent spouse or Covered Dependent child.**
If the Covered Employee, Covered Dependent spouse or other Covered Dependent is
disabled under Title II or XVI of the Social Security Act, at the time of the termination of
employment, or reduced hours of the Covered Employee, or within the first 60 days of
continuation of coverage, the 18-month maximum continuation period may be extended to
29 months. The disabled person must notify the Plan Sponsor within 60 days of the date of
determination of disability, and within the initial 18-month continuation period. If a second
qualifying event (other than bankruptcy) occurs during the extended 29-month period, the
maximum period of continuation coverage is 36 months.

(3) **Bankruptcy.** In the case of bankruptcy of a retired Covered Employee's former Employer,
the maximum period of continuation coverage is until the death of the retired Covered
Employee. In the case of the surviving spouse or dependent children of the retired Covered
Employee, the maximum period of continuation coverage is 36 months after the death of
the retired Covered Employee.

(4) **Divorce or legal separation.** The maximum period of coverage for a former spouse or
dependents who lose coverage due to divorce or legal separation is 36 months.

(5) **Death of Covered Employee.** The maximum period of coverage for a Covered Dependent
surviving spouse and Covered Dependents who lose coverage due to the death of the
Covered Employee is 36 months.

(6) **Other qualifying events.** The maximum period of continuation coverage for all other
qualifying events is 36 months.

b. **Earlier Termination**
Coverage terminates before the end of the maximum period if any of the following occurs.

(1) **End of the Plan.** The Plan under which this coverage is offered to Covered Employees
is terminated.

(2) **Failure to pay premium.** The person receiving continuation coverage does not make the
monthly payment within 30 days of the due date.

(3) **Other group health coverage.** The person receiving continuation coverage becomes
covered under any other group health type coverage, not containing an exclusion or
limitation for any pre-existing condition of the person. If the other group health coverage
contains a pre-existing condition limitation, continuation coverage is extended until the
pre-existing limitation is satisfied or coverage is otherwise terminated. A person will not
be subject to earlier termination of continuation coverage on account of coverage under
another group plan that existed prior to that person’s first day of continuation coverage.

(4) **Termination of extended coverage for disability.** In case a person receives extended
(29-month) continuation coverage due to disability at the time of termination or reduced
hours, the extended coverage terminates at the beginning of the month 30 days after a
final determination that the person is no longer disabled.

(5) **Termination provisions of this Summary Plan Description.** The person's coverage is
subject to termination under section I. of this Summary Plan Description.

(6) **Enrollment under Medicare.** The person receiving continuation coverage becomes
entitled to and covered under Medicare Part A or B coverage. A person will not be
subject to earlier termination of continuation coverage on account of coverage under
Medicare that existed prior to that person’s first day of continuation coverage.

3. **Election of Continuation Coverage**

a. You have 60 days to elect continuation of group coverage. The 60-day period begins on the date
your group coverage would otherwise terminate due to a qualifying event or the date on which
written notice of your right of continued group coverage is mailed, whichever is later.

b. If you wish to continue group coverage as shown above, you must apply in writing to your
Employer (not the Plan Manager). You must also pay your first monthly payment within 45 days
of the date you elected to continue group coverage. Thereafter, your monthly payments are due
and payable at the beginning of each month for which coverage is to be continued.
c. You or your Covered Dependents must notify the Plan Sponsor within 60 days, when divorce, legal separation, a change in status resulting in a loss of eligibility as a dependent would end coverage or a second qualifying event occurs. The 60 day period begins on the date of the divorce, legal separation, change in dependent status or second qualifying event.

4. Procedures for Providing Notices Required Under This Continuation of Group Coverage Section

a. You must comply with the time limits for providing notices required in paragraph 3 (c) above.

b. Your notice must be in writing and contain at least the following information:

   (1) The names of the Covered Employee and Covered Dependents;
   (2) the qualifying event or disability; and
   (3) the date on which the qualifying event (if any) occurred.

c. Your notice must be sent to:

   Macalester College
   Employment Services
   1600 Grand Avenue
   Saint Paul, MN 55105-1899

The Plan will comply with applicable federal law for a Covered Employee that is called to active military duty in the uniformed services.

VIII. CLAIMS PROCEDURES

A. PROCEDURES FOR REIMBURSEMENT OF NETWORK SERVICES

When you present your identification card at the time of requesting network services from providers, paperwork and submission of claims relating to services will be handled for you by your provider. You may be asked by your provider to sign a form allowing your provider to submit the claim on your behalf. If you receive an invoice or bill from your provider for services, other than coinsurance, copayments or deductible amounts, simply return the bill or invoice to your provider, noting your enrollment in the Plan. Your provider will then submit the claim under the Plan. Your claim will be processed for payment according to the Employer's coverage guidelines.

B. PROCEDURES FOR REIMBURSEMENT OF SERVICES

1. Proof of Loss. Claims for services must be submitted to the Plan Manager at the address shown below. You must submit an itemized bill, which documents the date and type of service, provider name and charges, for the services incurred. Claims for services must be submitted within 90 days after the date services were first received for the injury or illness upon which the claim is based. Failure to file a claim within this period of time shall not invalidate nor reduce any claim if it was not reasonably possible to file the claim within that time. However, such claim must be filed as soon as reasonably possible and in no event, except in the absence of your legal capacity, later than 15 months from the date services were first received for the injury or illness upon which the claim is based. If the Plan is discontinued or if HPAI ceases to act as the Plan Manager, the deadline for claim submission is 180 days. The Plan Manager may request that additional information be submitted, as needed, to make a claim determination.

   Send itemized bills to: Claims Department
   HealthPartners
   P.O. Box 1289
   Minneapolis, MN 55440-1289

2. Time of Payment of Claims. Benefits will be paid under the Plan within a reasonable time period.
3. **Payment of Claims.** Payment will be made according to the Plan Sponsor’s coverage guidelines. All or any portion of any benefits for out-of-network services provided under the Plan on account of hospital, nursing, medical, or surgical services may, at the Plan Manager's option and, unless you request otherwise in writing not later than the time of filing the claim, be paid directly to the out-of-network provider rendering the services. Payment for covered services may be offset to recover overpayments made to network providers.

4. **Clerical Error.** If a clerical error or other mistake occurs, that error does not deprive you of coverage for which you are otherwise eligible nor does it give you coverage under the Plan for which you are not eligible. These errors include, but are not limited to, providing misinformation on eligibility or benefit coverage. Determination of your coverage will be made at the time the claim is reviewed. It is your responsibility to confirm the accuracy of statements made by the Plan Sponsor or the Plan Manager, in accordance with the terms of this SPD and other Plan documents.

C. **TIME OF NOTIFICATION TO CLAIMANT OF CLAIMS**

The only claims under your Plan that meet the definition of “pre-service,” are those that require pre-certification by CareCheck®. For purposes of this claim and appeal process, all other claims, including requests for prior authorization, are considered “post-service” claims.

1. **Pre-Service Claims (pre-certification requests).**

When a request to CareCheck® for pre-certification for a non-urgent service is requested, an initial determination must be made within 15 calendar days. This time period may be extended for an additional 15 calendar days, provided that the Plan Manager determines that such extension is necessary due to matters beyond the control of the Plan. If such extension is necessary, you will be notified prior to the expiration of the initial 15-day period.

When a request to CareCheck® for pre-certification for an urgent service is requested, an initial determination must be made within 72 hours, so long as all information reasonably needed to make a decision has been provided. In the event that the claimant has not provided all information necessary to make a decision, the claimant will be notified of such failure within 24 hours. The claimant will then be given 48 hours to provide the requested information. The claimant will be notified of the benefit determination within 48 hours after the earlier of receipt of the complete information or the end of the time granted to the claimant to provide the specified additional information.

2. **Post-Service Claims.**

An initial determination of a claim for benefits must be made by HealthPartners within 30 days. This time period may be extended for an additional 15 days, provided that the Plan Manager determines that such an extension is necessary due to matters beyond the control of the Plan. If such extension is necessary, you will be notified prior to the expiration of the initial 30-day period.

You will receive written notification of any initial adverse claim determination as provided by applicable law.
D. CLAIM DENIALS AND CLAIM APPEALS PROCESS FOR PRE-SERVICE CLAIMS

If your request to CareCheck® for pre-certification is wholly or partially denied, you are entitled to appeal that decision. Your Plan provides for two levels of appeal to the named fiduciary of your Plan or its delegate. You may also have the right to an external review as described below. You must exhaust the first and second levels of the appeal process prior to bringing a civil action under section 502(a) of ERISA. The steps in this appeal process are outlined below.

1. **First Level of Appeal.** You or your authorized representative must file your appeal within 180 days of the adverse decision. Send your written request for review, including comments, documents, records and other information relating to the claim, the reasons you believe you are entitled to benefits, and any supporting documents to:

   Member Services Department  
   HealthPartners  
   8170 33rd Avenue South, P.O. Box 1309  
   Minneapolis, MN  55440-1309

   Upon request and at no charge to you, you will be given reasonable access to and copies of all documents, records and other information relevant to your claim for benefits.

   The Plan Manager will review your appeal and will notify you of its decision in accordance with the following timelines:

   - If the claim being appealed is for urgent services, you or your health care provider may request an expedited appeal either orally or in writing. Within 72 hours of such request, a decision on your appeal will be made.

   - If the claim being appealed is for non-urgent services, a decision on your appeal will be made within 15 days.

   The time periods may be extended if you agree.

   **Concurrent Care Appeal.** If you are appealing a reduction or termination of an ongoing course of treatment that has been previously approved by HealthPartners, you will have continued coverage under the Plan, pending the outcome of the appeal. This does not apply to requests for an extension to the already approved period of treatment or number of visits.

   All notifications described above will comply with applicable law.

2. **Second Level of Appeal.** If after the first level of appeal your request was denied, you or your authorized representative may, within 180 days of the denial, submit a written appeal for review, including any relevant documents, to the Plan Manager and submit issues, comments and additional information as appropriate to:

   Member Services Department  
   HealthPartners  
   8170 33rd Avenue South, P.O. Box 1309  
   Minneapolis, MN  55440-1309

   - If the claim being appealed is for urgent services, you or your health care provider may request an expedited appeal either orally or in writing. Within 72 hours of such request, a decision on your appeal will be made.

   - If the claim being appealed is for non-urgent services, a decision on your appeal will be made within 15 days.

   The time periods may be extended if you agree.

   All notifications described above will comply with applicable law.

F. EXTERNAL REVIEW PROCEDURES. You or your authorized representative must request an external review within four months of the adverse decision. If your claim is denied because of an adverse benefit determination based on judgment of medical appropriateness, you have the right to request an external review, as described below.

You also have the right to request an external review for a rescission of coverage. A rescission is a discontinuance or cancellation of coverage that has retroactive effect. A cancellation or discontinuance of coverage is not a rescission if it is effective retroactively because of a failure to pay premiums or contributions on a timely basis.

- If you have an adverse benefit determination that is eligible for external review, you have the right to request external review.
- To initiate the external review process, you may submit a written request for an external review to the Plan Manager. A fee may be required.
- Upon receipt of the request for external review, the Independent Review Organization must provide immediate notice of the review to the complainant and to the Plan Manager. Within 10 business days, the Covered Person and the Plan Manager must provide the reviewer with any information they wish to be considered. The Covered Person (who may be assisted or represented by a person of their choice) and the Plan Manager shall be given an opportunity to present their versions of the facts and arguments. Any aspect of the external review involving medical determinations must be performed by a health care professional with expertise in the medical issue being reviewed.
- An external review decision must be made as soon as possible, but no later than 45 days after receipt of the request for external review. The decision is binding on the Plan and the Covered Person. Prompt written notice of the decision and the reasons for it must be sent to the Covered Person and to the Plan Manager.
