Application Deadline is Thursday, February 21st at 11:59 PM.

## Video

---

- Create a video pitching your idea (3 minutes max)

Have fun making this video. Get our attention. Don't get caught up in the details yet. You're pitching a vision and something that's exciting! If you are applying as a team, you only need to submit one video. Please title: MacStartups 2019 {last name(s) of each team member}. When you complete your video, send the file directly to phall2@macalester.edu by 11:59 PM on Thursday, February 21st. You do not need to submit both the application and the video at the same time, but all materials must be submitted by the above deadline.

I understand that my video will address all of the following:

- Introduce you/your team
- What problem do you/your team want to solve?
- Why do you/your team want to solve it?
- What solutions have you/your team imagined or worked on?
- Why are you/your team the right person to solve this (what skills and strengths do you bring)?
