NOTE: If you are unable to electronically submit this application, you may submit a hard copy to the Environmental Studies Department office (Olin-Rice 249).

In no more than one page—a paragraph is fine—please provide any additional information you wish us to have about your group’s application, such as how you know each other, or the ways that applying as a group makes your application stronger than applying as individuals. How will you take on this project as a group (rather than as individuals)? What sort of potential do you see for the EcoHouse to be something more than just another housing option?
