Alerted to some Handbook changes coming down the pike to the committee, mostly about NTT service on committees, and assessment work. Cynthia and Paul met with concentration directors and documents for the reviews will be ready by the end of the month. There is request for EPAG to provide criteria for how new concentrations are approved.

4. FAIR preparation: Saturday is assigned seating, and those assignments are made, thanks to Cynthia’s swell card system! Part two: drafting questions for consideration. SPA is also looking at the questions, and Karine will send them out sometime next week.

Meeting adjourned 4:30
