Macalester is interested in helping families cope with unexpected and uncontrollable changes in financial circumstances. This form may be used to request that the Financial Aid Office review these changes and determine if additional financial aid can be awarded. Additional aid will not always be available to applicants requesting review. Available funding is a consideration in determining the outcome of a review.

### Students and parents may request a review of financial aid eligibility if

- ◆ there has been a significant and unforeseen change in family circumstances since filing the original application for financial aid;
- ◆ there are circumstances that were not presented as part of the original financial aid application
- ◆ the information on the original application was inaccurate.

### To request a review:

- ◆ Send your request on this form. You may attach a letter and other materials if necessary, but you must complete the relevant sections of this form.
- ◆ **Returning Macalester Students:** Please provide copies of parent 2022 and 2023 tax returns, if we do not have them already.
- ◆ If you are requesting a review of both fall & spring semester aid, **send your request before October 1, 2024.**
- ◆ If you are requesting a review of spring semester aid only, **send your request before February 15, 2025.**
