

# Optum Bank HSA investment options: myCDH

## Getting started

Your Optum Bank® health savings account (HSA) is a smart way to pay for qualified medical expenses, with significant tax advantages. But did you know your HSA can play an even greater role in your overall wealth and retirement strategy? Once your HSA reaches a designated balance, also known as the investment threshold, you may choose to invest a portion of your HSA dollars in mutual funds.

## Managing your HSA

You can manage your HSA investments by logging in to your account at **mycdh.optum.com**. You can set up a one-time or recurring transfer from your HSA into your investment account. When you set up your investment account, you'll choose how you want the funds to be allocated among the available mutual funds. Once your account is established, you can change your investment elections, transfer funds and rebalance your account online.

### HSA investment options

Mutual fund	Ticker symbol	Asset class

Investments are not FDIC-insured, are not guaranteed by Optum Bank®, and may lose value.

Mutual fund investment options are made available through the services of an independent investment advisor. Shares are offered through Charles Schwab & Co., Inc., a registered broker-dealer. Orders are accepted to effect transactions in securities only as an accommodation to HSA owner. Optum Bank is not a broker-dealer or registered investment advisor, and does not provide investment advice or research concerning securities, make recommendations concerning securities, or otherwise solicit securities transactions.

Health savings accounts (HSAs) are individual accounts offered or administered by Optum Bank®, Member FDIC, and are subject to eligibility requirements and restrictions on deposits and withdrawals to avoid IRS penalties. State taxes may apply. Fees may reduce earnings on account. This communication is not intended as legal or tax advice. Federal and state laws and regulations are subject to change.

## Transferring funds

Before you can use funds from your investment account to pay for qualified medical expenses, they'll need to be transferred back to your HSA deposit account. Transfers can be completed online through your account at [mycdh.optum.com](http://mycdh.optum.com).

### 3 things to remember:

- 1) You become eligible to invest once your account balance has reached the investment threshold.
- 2) The minimum amount that can be transferred to your investment account is \$100.
- 3) It is important to discuss with your financial advisor whether investing is right for you.
