

Find the best plan with Plan for MeSM

This online tool helps you compare your plan options and potential costs – all based on your unique situation.

Questions about benefits?

Call **952-883-5000** or **800-883-2177** to get help and understand your options.

How it works

- Enter the age and gender for you and anyone else you want your plan to cover.
- Check to see if your doctor, clinic or hospital is in the network.
- Enter any medicines you're taking and see how they'll be covered.
- Pick from a list of common health conditions, medical events and care visits.
- You'll get an estimate of your out-of-pocket costs and can compare available plans.
- Once you have the information you want, print out a summary or email it to yourself.

Get started

It's easy. Go to **healthpartners.com/planforme**.

You'll need this information:

- Group number
- Site number
- Effective date (plan start date)

To get the best comparison, it's also helpful to know:

- Doctors, clinics or hospitals you use
- Medicines you're taking

Plan for Me is awesome for comparing plans. Make sure you also check out your Summary of Benefits and Coverage (SBC) to see all your plan details before making your final choice.
