

MACALESTER

Visiting Faculty in Chemistry

The Macalester College Department of Chemistry invites applications for a three-course-equivalent (.58FTE) non-tenure-track visiting position in the 2027 Spring Term. The successful candidate will teach three sections of CHEM 112 - General Chemistry II: Energetics and Reactivity. Academic year calendar information is available at <https://www.macalester.edu/registrar/academic-calendars/>

A terminal degree is desirable but not required. Visa sponsorship is not available for this position. In addition, candidates relying on an OPT Visa with a STEM extension are not eligible for hire.

Compensation and Benefits:

The starting salary range for this position will be \$26,000-\$27,000 and will depend upon teaching experience and highest degree attained. This is a part-time benefits eligible position with a benefit start date of February 1, 2027.

All visiting faculty members will have access to the athletics fitness facility, wellness coaching, and campus activities.

To apply, please email curriculum vitae, cover letter that describes your interests and qualifications, and a list of three references (including contact information) to the Chair of the Chemistry Department, Kathryn Splan (splan@macalester.edu). Review of applications will begin immediately and continue until the position is filled. For further information about the position (including time commitment and workload expectations), contact Kathryn Splan.

At Macalester College, equity and inclusion are central to our educational mission and values. We are committed to preparing students to be agents of change who create a more just and peaceful world. Strong candidates have a demonstrated commitment to teaching students from diverse backgrounds and recognize that structural barriers limit access to educational opportunities.

Macalester College is a highly selective, private liberal arts college in the vibrant Minneapolis-Saint Paul metropolitan area, with a population of approximately three million people and home to numerous colleges and universities, including the University of Minnesota. Macalester College is located in Saint Paul on the ancestral homeland of the Dakota people who were forcibly exiled because of aggressive and persistent settler

colonialism. Macalester's diverse student body comprises over 2000 undergraduates (15% international and 32% US students of color), who hail from 45 states and over 70 nations. The College maintains a longstanding commitment to academic excellence, with a special emphasis on internationalism, multiculturalism, and service to society. As an Equal Opportunity employer supportive of affirmative efforts to achieve diversity among its faculty, Macalester College strongly encourages applications from women, non-binary people, and members of historically underrepresented minority groups.
