## TO OUR LISTENERS:

Welcome to our Fall, 1982 lineup!

What is WMCN Radio?

WMCN Radio is:

### MUSICAL VARIETY AND THE INFORMATION LISTENERS NEED.

Our music includes rock, jazz, new wave, reggae, soul, blues, bluegrass, international and classical. WMCN Radio is the only station in the Twin Cities market to offer its listeners a comprehensive package of music each week that includes all of the above-mentioned musical genres. WMCN Radio is also the only station in the Twin Cities market committed to featuring music by local Twin Cities artists.

New this fall to WMCN Radio is a weekly news magazine, "WMCN News Magazine," which features the Macalester Forum, as well as campus, local, state, national and international news, interviews and other alternative news services and features.

WMCN Radio has:

### INNOVATIVE AND ENERGETIC PEOPLE.

The WMCN staff of directors and disc jockeys works hard because it's the only way it knows how. Nobody receives a salary—the staff is all-volunteer. Also, WMCN has the largest membership of any student organization on the Macalester campus.

Innovation allows for WMCN's disc jockeys to be creative and to educate listeners at the same time. The energy is abundant from within the studio. The result—a good on-air product that is honest, straight-from-the-heart, fun AND IT'S ALL FOR YOU!

Also, because of its non-commercial stature, no advertising means no obligations to anyone except YOU, the listener, and in meeting the regulations of the Federal Communications Commission.

WMCN Radio strives to promote service to campus and community alike through extensive airing of public service announcements each broadcast day, plus weather information and campus and community happenings.

WMCN Radio welcomes your comments, questions, criticisms and suggestions.

WMCN Radio:

THE MORE YOU LISTEN, THE MORE YOU'LL HEAR!

Michael Dickens  
General Manager  
WMCN Radio
