

# NEW TENURE-TRACK HIRES 2018-2019

**Matthew Burgess, English**  
AB, Dartmouth College  
MFA, University of Minnesota, Twin Cities  
Creative writing, literature

**Brianna Heggeseht, Mathematics, Statistics and Computer Science**  
BA, Saint Olaf College  
PhD, University of California, Berkeley  
Collaborations across disciplines, cluster analysis, longitudinal analysis, machine learning algorithms

**Mary Heskell, Biology**  
BA, University of Pennsylvania  
MA, City College of New York  
PhD, Columbia University  
Plant ecology, physiology and climate change impacts on the carbon cycle

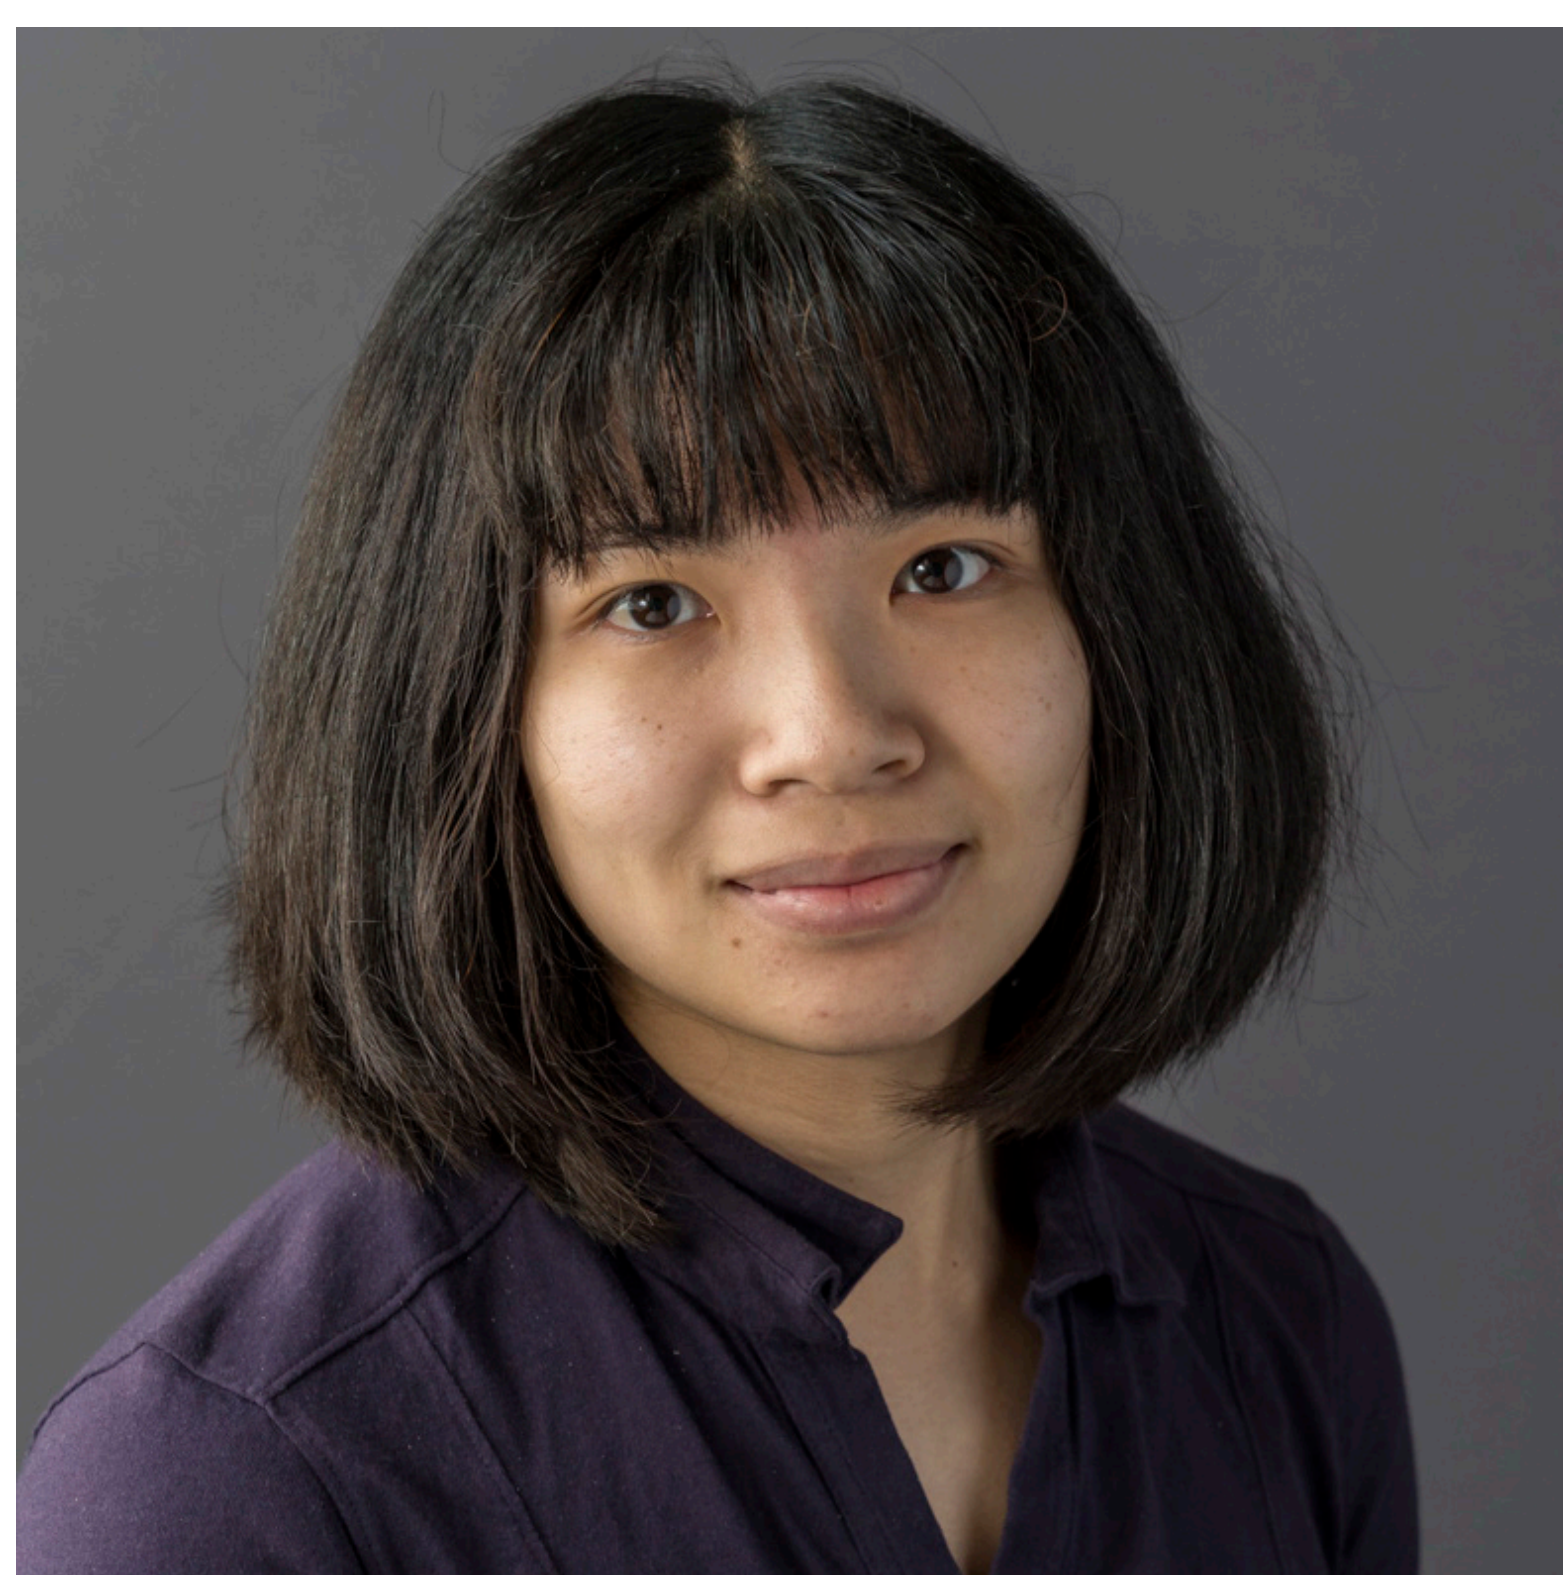

**Morgan Jerald, Psychology**  
BA, Spelman College  
MS and PhD, University of Michigan  
Gender and sexual socialization and stereotyping among Black women

**Abigail Marsh, Mathematics, Statistics and Computer Science**  
BA, Oberlin College  
PhD, Carnegie Mellon University  
Adolescent digital privacy, digital parenting and online safety

**Lauren Milne, Mathematics, Statistics and Computer Science**  
BA, Carleton College  
MS and PhD, University of Washington  
Human Computer Interaction (HCI), especially accessibility, technology to bridge communication and information boundaries for people with disabilities

**Leslie Myint, Mathematics, Statistics and Computer Science**  
BS, Johns Hopkins University  
PhD, Johns Hopkins Bloomberg School of Public Health  
Biostatistics, high-throughput biology, human-data interaction, public health

**Robin Shields-Cutler, Biology**  
BA, Grinnell College  
PhD, Washington University School of Medicine  
Community structures and biochemical functions of host-associated bacterial microbiomes

**Morgan Sleeper '11, Linguistics**  
BA, Macalester College  
MA and PhD, University of California, Santa Barbara  
Language and music, Patagonian Welsh, language contact, language in Japanese popular media
