

MACALESTER FUND SCHOLARS

Four years of support, a lifetime of possibilities.

Commit to leadership.

Donors to the Macalester Fund Scholars program pledge their support of \$5,000 per year for four years, for a minimum total contribution of \$20,000. Your pledge provides vital, consistent financial aid support, allowing the college to live its mission of providing an excellent and accessible education. By committing to the Macalester Fund Scholars program, you'll also be joining the Grand Society at the Tartan level. This tier of leadership donors provide the strong foundation needed to allow for the growth and sustainability of the Macalester Fund.

Directly support student experiences.

Even in challenging times, Macalester holds firm to our commitment of meeting 100% of the demonstrated financial need of each admitted student. Students receiving need-based aid provided by programs like Macalester Fund Scholars represent 67% of the Macalester student body, and that need is greater now than ever. The knowledge, connections, and memories gained through the Macalester experience prove what a difference four years make in the lives of our graduates. You make those four life-changing years possible through your commitment to Macalester Fund Scholars.

See your gift in action.

Hear from students about their unique Macalester experience that's made possible by your support of financial aid. You will receive exclusive materials highlighting student stories, as well as written and video correspondence featuring some of the students receiving this aid. You'll also receive all of the student-focused updates and stewardship features shared throughout the year with your fellow Grand Society donors.

Ready to join the Macalester Fund Scholars community in providing four years of life-changing support? Contact Erica Solomon '13, associate director of leadership giving at esolomon@macalester.edu, or talk to your Macalester staff contact today!
