

MACALESTER THEATER AND DANCE DEPARTMENT SPRING 2023

LIGHTING DESIGN

THDA 255-01

Wu Chen Khoo

TR, 1:20PM-2:50PM

Distribution Requirement: Fine Arts

Prerequisite(s): THDA 232 or THDA 235
recommended, but not required.

Students with a background in studio art
or design are welcome to enroll.

This course is an introduction to performance lighting design. While emphasis is on performance, the principles can be applied to film, television, and environmental settings. The course focus will be on the design process, but there will be some attention to lighting hardware and technologies as well. A primary goal of the course is to make the student more aware of color and light around them every day.
